The world's most comprehensive, well documented, and well illustrated book on this subject. With extensive index. 134 photographs and illustrations - mostly color. Free of charge in digital PDF format on Google Books.

Classic French preserving techniques updated for a modern audience. A vibrant package crammed with every recipe you'll ever need to conserve, salt, pickle, and smoke your own fresh produce. Written by Ginette Mathiot and revised and updated by Clotilde Dusoulier of Chocolate and Zucchini. Preserving is an incredibly popular trend in food books and is growing. This book stands out as it includes techniques for smoking, pickling, and making charcuterie, allowing both home cooks and chefs to learn new preserving techniques.

The world's most comprehensive, well documented, and well illustrated book on this subject. With extensive index. 23 maps, photographs and illustrations. Free of charge in digital PDF format on Google Books.

A comprehensive overview of the cultural world and diplomatic strategies of Florentine patricians by revealing their contribution to the court culture of the Medici and the mechanisms behind their brokerage activities.

First published in 1891, Pellegrino Artusi's La scienza in cucina e l'arte di mangiar bene has come to be recognized as the most significant Italian cookbook of modern times. It was reprinted thirteen times and had sold more than 52,000 copies in the years before Artusi's death in 1910, with the number of recipes growing from 475 to 790. And while this figure has not changed, the book has consistently remained in print. Although Artusi was himself of the upper classes and it was doubtful he had ever touched a kitchen utensil or lit a fire under a pot, he wrote the book not for professional chefs, as was the nineteenth-century custom, but for middle-class family cooks: housewives and their domestic helpers. His tone is that of a friendly advisor — humorous and nonchalant. He indulges in witty anecdotes about many of the recipes, describing his experiences and the historical relevance of particular dishes. Artusi's masterpiece is not merely a popular cookbook; it is a landmark work in Italian culture. This English edition (first published by Marsilio Publishers in 1997) features a delightful introduction by Luigi Ballerini that traces the fascinating history of the book and explains its importance in the context of Italian history and politics. The illustrations are by the noted Italian artist Giuliano Della Casa.
