In *A Corner of the Universe*,  
Hattie's summer of 1960 is one  
that will change her life forever.  
Hattie's parents ran a boarding  
house. There were many rules for  
the house, but not as many rules  
as in her grandmother's proper,  
sophisticated home.

a Newbery Honor Award in 2003. The summer of 1960 is a season that the novel's narrator and protagonist, 11-almost-12-year-old Hattie Owen, expects to be as comfortably uneventful as all the others had been in her small, tranquil town of Millerton, PA.

*A Corner of the Universe by Ann M. Martin*

\*A Corner of the Universe\* is a simple story about Hattie Owens and her brief summer, in 1960, with Uncle Adam. What's interesting is that Hattie didn't even know she had an Uncle Adam until she was 12 years old. Hattie is excited that summer has begun even if it means staying in town and helping her parents run a boarding house.
