A once-respected college professor and novelist, Dale Stewart has sabotaged his career and his marriage -- and now darkness is closing in on him. In the last hours of Halloween he has returned to the dying town of Elm Haven, his boyhood home, where he hopes to find peace in isolation. But moving into a long-deserted farmhouse on the far outskirts of town -- the one-time residence of a strange and brilliant friend who lost his young life in a grisly "accident" back in the terrible summer of 1960 -- is only the latest in his long succession of recent mistakes. Because Dale is not alone here. He has been followed to this house of shadows by private demons who are now twisting his reality into horrifying new forms. And a thick, blanketing early snow is starting to fall ...

This masterfully crafted horror classic, featuring a brand-new introduction by Dan Simmons, will bring you to the edge of your seat, hair standing on end and blood freezing in your veins It's the summer of 1960 and in the small town of Elm Haven, Illinois, five twelve-year-old boys are forging the powerful bonds that a lifetime of change will not break. From sunset bike rides to shaded hiding places in the woods, the boys' days are marked by all of the secrets and silences of an idyllic middle-childhood. But amid the sundrenched cornfields their loyalty will be pitilessly tested. When a long-silent bell peals in the middle of the night, the townsfolk know it marks the end of their carefree days. From the depths

of the Old Central School, a hulking fortress tinged with the mahogany scent of coffins, an invisible evil is rising. Strange and horrifying events begin to overtake everyday life, spreading terror through the once idyllic town. Determined to exorcise this ancient plague, Mike, Duane, Dale, Harlen, and Kevin must wage a war of blood--against an arcane abomination who owns the night...

Once Joe Kurtz needed revenge--and revenge cost him eleven years in Attica prison. Now Kurtz needs a job, and the price is going to be higher. Out of prison, out of touch, Kurtz signs on with the Byron Farino, Don of a Mob family whose son Kurtz had been protecting on the inside. Farino enlists Kurtz's help to track down the Family's missing accountant--a man with too much knowledge of Family business to have on the loose. But someone doesn't want the accountant found--and with enemies inside the Family vying for his throne, and turf warfare just around the corner, Farino needs an outsider like Kurtz to flush out who's really behind this latest affront. As the story twists and turns and the body count rises, Kurtz no longer knows who he can trust. Everyone seems to be after something, from the mob boss's sultry yet dangerous daughter, to a hit man named The Dane, an albino killer who is good with a knife, and a dwarf who is armed to the teeth and hell-bent on revenge. Kurtz has always been an ace investigator. Now he's about to discover that to get at the truth, sometimes you have to go after it--hard.

"Simmons writes like a hot-rodding angel." -Stephen King An evil legacy comes to life in this classic and ultimately human novel about believable vampires, featuring a brand-new introduction by Dan Simmons. Children of the Night will take you to a place that no one knows--yet all of us fear. In a desolate orphanage in post-Communist Romania, a desperately ill infant is given the wrong blood transfusion--and flourishes rather than dies. For immunologist Kate Neuman, the infant's immune system may hold the key to cure cancer and AIDS. Kate adopts the baby and takes him home to the States. But baby Joshua holds a link to an ancient clan and their legendary leader--Vlad Tsepes, the original Dracula - whose agents kidnap the child. Against impossible odds and vicious enemies-- both human and vampire - Kate and her ally, Father Mike O'Rourke, steal into Romania to get her baby back. "A mesmerizing tour through the ghostly, gray tatters of Romania." -Publishers Weekly "Simmons gives a chilling description of post-Ceausescu Romania and neatly ties the vampire legend into political history to create a new and clever twist to the idea of the vampire's craving for blood." -Library Journal "His best novel ever... Toothsome well written." -Kirkus "Brilliant ideas... The most rigorous and interesting scientific rationale for vampirism I've ever seen... You keep turning the pages." -Locus

Dale Stewart's life has become a shadow of what it once was. A respected college professor and successful novelist, he sabotaged his career and his marriage with an obsessive love affair that ended badly. With darkness closing in on him, Dale decides to return to his boyhood home in Illinois. Drawn by a recurring nightmare that has plagued him since his youth -- and a troubling certainty that something is waiting for him there -- he hopes to exorcise his demons. In the last hours of Halloween, he reaches the outskirts of the dying town of Elm Haven. There, he moves into the abandoned farmhouse that was once the home of his closest boyhood friend, the strange and brilliant Duane McBride, who lost his young life in a grisly "accident" back in the terrible summer of 1960. Hoping to find peace in isolation, he settles in for the long, harsh winter. But Dale is not alone. Soon after he arrives, cryptic messages begin appearing mysteriously on his computer screen while he struggles to work on his novel. He sees black dogs roaming the grounds. And an old enemy has reemerged, a bully who seems as determined to persecute Dale as he was in childhood.

A real-estate mogul's attempts to build a deluxe Hawaiian resort are undermined by the disappearance of guests, discovery of strange beasts capable of human speech, and volcanic eruptions, as vengeful gods bring their immortal rivalries into the modern world.

Darwin Minor travels a dangerous road. A Vietnam veteran turned reluctant expert on interpreting the wreckage of fatal accidents, Darwin uses science and instinct to unravel the real causes of unnatural disasters. He is very, very good at his job. His latest case promises to be his most challenging yet. A spate of seemingly random high-speed car accidents has struck the highways of southern California. Each seems to have been staged--yet the participants have all died. Why would anyone commit fraud at the cost of his own life? The deeper Darwin digs, the closer he comes to unmasking an international network specializing in intimidation and murder, whose members will do anything to make sure Darwin soon suffers a deadly accident of his own. "A literary thriller like no other...A hard-charging, edge-of-the-seat tale."--Milwaukee Journal Sentinel

The Trojan War rages at the foot of Olympos Mons on Mars -- observed and influenced from on high by Zeus and his immortal family -- and twenty-first-century professor Thomas Hockenberry is there to play a role in the insidious private wars of vengeful gods and goddesses. On Earth, a small band of the few remaining humans pursues a lost past and devastating truth -- as four sentient machines depart from Jovian space to investigate, perhaps terminate, the potentially catastrophic emissions emanating from a mountaintop miles above the terraformed surface of the Red Planet.

The "masterfully chilling" novel that inspired the hit AMC series (Entertainment Weekly). The men on board the HMS Terror -- part of the 1845 Franklin Expedition, the first steam-powered vessels ever to search for the legendary Northwest Passage -- are entering a second summer in the Arctic Circle without a thaw, stranded in a nightmarish landscape of encroaching ice and darkness. Endlessly cold, they struggle to survive with poisonous rations, a dwindling coal supply, and ships buckling in the grip of crushing ice. But their real enemy is even more terrifying. There is something out there in the frigid darkness:

an unseen predator stalking their ship, a monstrous terror clawing to get in. "The best and most unusual historical novel I have read in years." -Katherine A. Powers, Boston Globe
