"Dating is difficult for everyone. For a teen with Asperger Syndrome, it can be overwhelming. Special education teacher Jeannie Uhlenkamp tackles some of the specific issues facing teens with AS. Written in a question-and-answer format, this much-needed book offers insight and practical advice on dating challenges. Each topic is followed by Discussion Questions (to get the conversation flowing between teens and parents/teachers) and a Main Idea (which succinctly wraps up the main point). Also included are special notes to define the more illusive vocabulary and concepts of today's dating world."--Provided by publisher.

Sarah Patten shows other parents that they are far from alone in their struggle to get their children to eat a varied and well-balanced diet. She describes how, through a combination of love, patience and a little sleight of hand, she managed to get her son to go from eating just three bland white foods to eating a colourful and nutritious diet including fruit and vegetables.
