An Atomic Empire: A Technical History of the Rise and Fall ...

Atomic Empire, An: A Technical History of the Rise and Fall of the
British Atomic Energy Programme. Britain was the first country to
exploit atomic energy on a large scale, and at its peak in the
mid-1960s, it had generated more electricity from nuclear power
than the rest of the world combined. The civil atomic energy
programme grew out of the military programme which produced
plutonium for atomic weapons.
