Aspects Of Islamic Civilization — bitofnews.com

A central element of the Islamic empire is the Islamic religion. Varying widely in practice and politics, each of branches and sects of the Islamic religion today espouses monotheism. In some respects, the Islamic religion could be viewed as a reform movement arising from monotheistic Judaism and Christianity.

Islamic Civilization: Timeline and Definition

It has an oral tradition based on the transmission of culture through poetry and narrative. However, it has been the written record that has had the greatest impact on civilization. Islam civilization is based on the value of education, which both the Qur’an and the Prophet stressed.

Islamic Civilization | Middle East Institute

Historically, Sufism became “an incredibly important part of Islam” and “one of the most widespread and omnipresent aspects of Muslim life” in Islamic civilization from the early medieval period onwards, when it began to permeate nearly all major aspects of Sunni Islamic life in regions stretching from India and Iraq to the Balkans and Senegal.

Sufism — Wikipedia

One of the most significant aspects of many Muslim societies was the inseparability of “religious” affiliation and group membership, a phenomenon that has translated poorly into the social structures of modern Muslim nations.
