What happens at a synagogue service? What are the rules for keeping kosher? How do I light the Hanukah candles? What is in the Hebrew Bible? What do the Jewish holidays signify? What should I be teaching my children about being Jewish? A landmark reference, here is an indispensable one-volume guide to the religious traditions, everyday practices, philosophical beliefs, and historical foundations of Judaism -- everything you need to know about being Jewish. In *Essential Judaism*, George Robinson has created the accessible compendium that he sought when he rediscovered his Jewish roots as an adult. Robinson illuminates the Jewish life cycle at every stage, and lays out many fascinating aspects of Judaism -- the Kabbalah, Jewish mysticism, the evolution of Hasidism, and much more -- while keeping a firm focus on the different paths to living a good Jewish life in today's world.

This fact-filled volume explains 1050 Jewish customs, their reasons, and sources. Why do we make hand matzos round? Why do we eat dairy foods on Shavuot? Why do we stand with our feet together when we recite Shemoneh Esreh? These and hundreds of other practices are explained in this English edition of *Otzar Ta'amei ha-Minhagim*.

Conversion to Judaism provides information, advice, and support for individuals contemplating conversion to Judaism, as well as those who have converted and the families affected by this decision. With sensitivity and compassion, Lawrence J. Epstein offers an informative volume that warmly welcomes the newcomer to Judaism.

Describes the Jewish approach to death and dying, funerals, and mourning customs, including specifics for funeral preparations and preparing the home and family to sit shiva, with information for mourners and comforters alike. Reissue.
