A massively important car for BMW – and an enduring success today. The E30 generation cemented BMW as the market leader in the medium sector, and although it looked little different from its predecessor, thanks to understated styling by Claus Luthe, it was far more convincingly engineered and far better to drive.

For more than 70 years, memorable automobiles have rolled out of Bayerische Motor Werke. This sprawling photographic history spans the entire range, from the 1927 Dixi 3/51 PS to the James Bond Z8 roadster. The story of BMW's genesis in the aircraft industry is followed by complete series and model histories and overviews of BMW forays into motorsport. Gorgeously illustrated with rare archival imagery and modern color photos, this lavish treatment features classics like the mystically elegant pre-war 328, post-war 502 luxury saloons, the curious single-cylinder Isetta, hand-built 507 sports cars, the revolutionary 2002 Turbo, the M1 supercar, the Z3 roadster and much more.

The E30 3 Series was the car that defined BMW more than any other during the 1980s, and it has gone on to become a much-loved modern classic. This book tells the full story of the cars from the time in 1976 when work first began on the successor to the original E21 3 Series. This new book features the story of how and why BMW designed their new compact E30 saloon for the 1980s: the styling, engineering and specification changes introduced over the lifetime of the model. There are full technical specifications, including paint and interior trim choices given along with a chapter on the special US variants. Details of the M3 and the cars produced by the leading German tuners and finally, there is a chapter on buying and owning a BMW E30.

Walton chronologically explores the series, with details on every 3 Series platform, including the E21, E30, E36, and E46. The engineering of each platform is described and evaluated. The book also features coverage of the M3, both as it performs on the street and on the race track. Guidance on iden
