C Unleashed, i.e. the applications of C. It is a powerful book well stuffed with knowledge, a good book to have. I enjoyed reading it.

C Unleashed - C / C++

C Unleashed contains 29 chapters which range from 15 to 111 pages long. The chapters are mostly by very experienced developers and are written in a breezy style like a magazine or blog article. From looking at the TOC, I expected to learn a lot from reading through the chapters.

C# 5.0 Unleashed | InformIT

C# Unleashed is an excellent book for someone who already knows a programming language and wants a quick yet solid introduction to C#. The chapters are well structured and chock full of examples. Instead of the usual foobar type of examples the examples are clear and some of them may be used directly in ones own code.
