outlaw-turned-farmhand, kills Pete Foster, a French-Canadian and fellow farmhand. Enter Caprice: a vision and a brain. Almost six feet tall, with flaming red hair and long legs, and toting a lethal bullwhip, she sets out to avenge her brother's murder. Travelling with her beloved black Spanish stallion, Caprice trails her brother's murderer to Mexico and back. Determined and headstrong as she is smart, she leaves an impression on the people she encounters in her journey: Gert, the whore with a heart of gold; Gert's son, for whom she provides affirmation, and not the least Frank Smith, her lover, a teacher and amateur baseball player who wants her to leave the law enforcement to the professionals and marry him. Caprice finally comes face to face with her brother's murderer at Deadman's Falls. First published in 1987 and based on actual events in BC's history, Caprice is a

witty, adventurous and colourful recreation of a Canadian heroine's quest in avenging her brother's murder, a woman well ahead of her times, who refused to be pigeonholed into a stereotype, who questioned authority and did so with unflinching resolve. Caprice is a companion to Bowering's *Burning Water and Shoot!*, reissued by New Star in 2007 and 2008.

Justice, Mercy, and Caprice is a work of criminal justice history that speaks to the gradual emergence of a more humane Irish state. It is a close examination of the decision to grant clemency to men and women sentenced to death between the end of the civil war in 1923 and the abolition of capital punishment in 1990. Frequently, the decision to deflect the law

from its course was an attempt to introduce a measure of justice to a system where the mandatory death sentence for murder caused predictable unfairness and undue harshness. In some instances the decision to spare a life sprang from merciful motivations. In others it was capricious, depending on factors that should have had no place in the government's decision-making calculus. The custodial careers of those whose lives were spared repay scrutiny. Women tended to serve relatively short periods in prison but were often transferred to a religious institution where their confinement continued, occasionally for life. Men, by contrast, served longer in prison but were discharged directly to the community. Political offenders were either executed hastily or, when the threat of capital punishment had passed, incarcerated for extravagant periods. This

book addresses issues that are of continuing relevance for countries that employ capital punishment. It will appeal to scholars with an interest in criminal justice history, executive discretion, and death penalty studies, as well as being a useful resource for students of penology.
