How to keep pesky cardinal from pecking your window

A cardinal keeps attacking what is probably her own reflection in our window.

Cardinal attacking window - YouTube

What you describe is a fairly common behavior for territorial bird species like, robins, sparrows and cardinals that nest close to houses. It generally occurs in spring. Both males and females do this as they attempt to thwart possible competitors or birds they view as a threat to their young. They see their reflection in your window and assume it is a bird they need drive away which leads them to fly into the glass.

Female Cardinal attacking window - Ask an Expert

Hello I really don't know where start. I've had a cardinal hitting my windows for a week now. Same windows. Also has started on my car windows. I've begin to wonder if this is a spiritual sign or coincidence. It appears to be the same bird. opinions are welcomed as to what it could mean or just a nature thing.. thanks for any responses..

What Does it Mean When a Bird Hits Your Window? | Ryan Hart

Sadly this morning I had 3 Cardinals fly into windows of my house actually 2 into the windows and one into a door on another side of my house within seconds of one another. One flew away after the impact, one (female) laid there for a while until it recovered and the one that hit the door (female) died. I am in the process of a separation.

Meet The Team - Cardinal Windows

Whenever I see a cardinal I always think of my deceased parents. One time when my husband and I were going through a tough time, I heard a noise at my dining room window at 10:00 pm. I thought it was our cat pecking at a bug outside. No cat around, but a red cardinal was pecking on the window— at 10:00 pm!!!
