For all chess-players, from beginners to world champions, from kids to seniors, delivering checkmate is the greatest thrill the game has to offer. The ability to spot checkmates is a vital skill - and this easy-to-use book shows you how it is done. With the help of Grandmaster John Nunn, you will be ready to shock your next opponent with a deadly checkmate, whether in a school match, a club tournament - or even a championship game! By focusing exclusively on positions from real games, ranging from junior events to grandmaster encounters, Nunn ensures that the mates featured are those which arise most often in real life. He also highlights themes and ideas that are often missed in practice. While solving these puzzles, your all-important 'mental library' of patterns will grow, leading to an immediate increase in your playing strength. All 1001 puzzle positions have been carefully checked, and are graded by theme and difficulty. Points are awarded for finding the checkmate, so you can measure your skill. Most of the puzzles are suitable for novice and junior players. The last chapter challenges you with 'extreme checkmates', but don't worry: you'll be ready for them!

THE POLGAR WAY TO BETTER CHESS! Learn Chess the Right Way is a five-volume chess puzzle book series aimed at the novice, beginner and intermediate level player, using the unique methods of the award-winning coach and former world champion Susan Polgar. It introduces the most important checkmate and material-winning tactics, as well as defensive techniques to the new chess player. Each of the five volumes will consist of 500 puzzles. In Book 1, the focus is on one-move checkmate exercises. In each of the first five chapters, a specific piece delivers checkmate (in Chapter 1 – the queen, Chapter 2 – the rook, and so on). In Chapters 6-8, checkmates which involve special tactics (such as pins, discovered attacks, etc.) are introduced. Chapter 9 has a mixed collection of puzzles, without any hint about which piece is to deliver checkmate. Chapter 10 builds on the previous 9 chapters, and introduces basic patterns of checkmate in two moves. With over 40 years of experience as a world-class player and coach, international grandmaster Susan Polgar has developed the most effective way to help young players and beginners – Learn Chess the Right Way. Let her show you the way to understanding the most common and critical patterns and let her show you the way to becoming a better player. SUSAN POLGAR is a winner of four Women ' s World Championships and the top-ranked woman chess player in the United States. She became the #1 woman player in the world at 15 and remained in the top 3 for over 20 years. In 2013, she received the U.S. Coach of the Year Award and the following year, she was named the Chess Trainer of the Year by the International Chess Federation (FIDE). She thus became the first person in history to be accorded both honors. Under her guidance, SPICE chess teams at both Texas Tech University and Webster University have won a combined five consecutive National Division I Collegiate Chess Championships.
