The Future of Nursing  
explores how nurses' roles,

*Page 51/78*

# Access Free Comprehensive Perioperative Nursing Two Volumes 1 And 2

education should change significantly to meet the increased demand for care that will be created by health care reform and to advance improvements in America's increasingly

# Access Free Comprehensive

Complex health system. At  
more than 3 million in  
number, nurses make up the  
single largest segment of  
the health care work force.  
They also spend the greatest  
amount of time in delivering  
patient care as a

# Access Free Comprehensive

Perioperative Nursing therefore  
have valuable insights and  
unique abilities to  
contribute as partners with  
other health care  
professionals in improving  
the quality and safety of  
care as envisioned in the

# Access Free Comprehensive

Affordable Care Act (ACA) enacted this year. Nurses should be fully engaged with other health professionals and assume leadership roles in redesigning care in the United States. To ensure its members are well-prepared,

# Access Free Comprehensive

the profession should institute residency training for nurses, increase the percentage of nurses who attain a bachelor's degree to 80 percent by 2020, and double the number who pursue doctorates. Furthermore,

# Access Free Comprehensive

regulatory and institutional  
obstacles -- including  
limits on nurses' scope of  
practice -- should be  
removed so that the health  
system can reap the full  
benefit of nurses' training,  
skills, and knowledge in

# Access Free Comprehensive

perioperative care. In this book, the Institute of Medicine makes recommendations for an action-oriented blueprint for the future of nursing.

This book (second edition) attempts to cover all the
