Island Christian Church (Disciples of Christ)

Sunday School We feel a deep commitment to Christian education. This follows a belief that the education of the church community is part of the response to Jesus’ mandate to make disciples, baptize them, and teach them all he has commanded.

I loved Sunday school because I loved the songs. The songs we sang during my weekly forty-five-minute Sunday school hour taught me about Jesus and love and salvation. Songs like "Deep and Wide" taught me about the immensity of God's love for me. "This Little Light of Mine" reminded me how Jesus gave me the responsibility to shine my light so others could learn about Him. "The B-I-B-L-E" helped me to understand the importance of reading God's Word and using it to guide my life. "Joy in My Heart" instilled in me that I could have joy, no matter what, because I had Jesus. "The Apostle's Song" not only listed the name of Jesus' disciples but convinced me that I could be Jesus' disciple, too. Christians have a responsibility to search the Scriptures, moving from basic biblical truths to more advanced principles of Christianity, all the while growing in the knowledge and understanding of Jesus Christ. With that being said, however, I think it is helpful as maturing Christians to be reminded of simple truths. It is these basic truths of God's Word that guide us, encourage us, anchor us, and serve as a solid foundation for more study and greater contemplation of Biblical concepts and truths. Children need to learn that "Jesus loves me, this I know," but adults need to be reminded of this beautiful truth as well. I hope you enjoy this adventure as you remember songs you sang as children and hear them in a new and more profound way as maturing Christian adults.

Make the transition from consumer religion to participatory faith by building congregational relationships that nourish people spiritually and empower them to risk living, worshipping, learning, and serving God and each other in new and enlivening ways.

This book, guided by the Holy Spirit, was written to help you fully embrace Jesus, the Christ, as your Savior and your God. Christ means “the anointed one.” This book, along with God’s Word, is to help you gain a more complete knowledge, understanding, and application of the gospel in your life. This book is to help you gain a strong foundation for your life with God. Christians are to reach unbelievers and introduce them to Christ. My book is about understanding God’s Word to be a born-again believer (salvation). It is for building a strong foundation in the believer that has been in the church. It is for new believers to help build a Christian foundation for fuller understanding to stay focused on our process of Christianity to salvation when we physically die. It is laying out the needed information in a more logical way to get to heaven. God tells you to study to show yourself approved to him. A lot of study is needed. God did not lay it all out in 1, 2, 3, 4, 5, 6, 7, 8, 9 order. All need full understanding. All need spiritual maturity to enable full understanding. There is too much confusion in the church, and this will help. The next book will be bringing to light some of the confusion in the church. God’s Word is God’s Word and not always what you have been taught from too many different sources combined with wrong interpretation, leading to your output.

In a pastor's world, there are few words that bring as wide of an array of emotions as these two. For some, it is the enigma that cannot be solved; for others, it is the dead horse that people keep trying to ride. Sunday school is one of the few mainstays that has weathered decades of change in the way that churches are conducted, yet for many pastors, it has become something to stand off from and let others deal with, with the hope that it does not come back to bite the pastor unexpectedly. When Sunday school is functioning well, it is one of the most powerful vehicles a church has to help it carry out the Great Commission and to engage members in doing Christ's work. While many churches have moved away from the name "Sunday school," the heart of the ministry remains the same: it is a group that is open, ongoing, and employs a plan to study the Bible. Gene Mims (2003) describes these open groups as person-centered (meaning they focus on bringing people into a transforming relationship with God), lay-led, and Bible-based, concluding that open groups fulfill the Great Commission by making disciples of all men. Though they are often called classes because of the Sunday school name, Mims called this a misnomer, explaining, "They are classes in the sense

that the Bible is studied, but they are much more. They are kingdom entities built on the five functions of the church. They are living organisms built for the people who attend" (p.135).But this sounds nothing like what most pastors hear from the Sunday school or small groups that take place in their churches. Any pastor would get behind a strategy that would help him assimilate newcomers into a group of believers, study the Scriptures each week, connect believers together to care for one another, and mobilize believers to share their faith and take the gospel throughout the world. Sunday school was designed to be that strategy, but in our day, it has fallen into disrepair. In many churches today, Sunday school sits like an old rusty car, shining in places with a bit of its past glory, but by and large a lawn ornament. To make matters worse, pastors are often given the keys to this car with no instructions on how to start it, how to make it run, or even how to drive it. The goal of this book is to give you, as a pastor and leader, an owner's manual of sorts to help you dust off the wear and tear of Sunday school in your church and prepare you to not only get it started again, but to hear it hum and purr again as a vehicle to carry Christ's disciples in their Great Commission work.One of the struggles for pastors is that there are simply not many resources available today to guide a pastor in leading Sunday school. While the market is filled with works on how to lead an individual group or on the importance of groups, little attention has been given to practical steps that pastors can take to help Sunday school in their churches. But this is not the market's fault, but rather, a reflection of the emphasis given to Sunday school; it is often neglected in seminaries and Bible colleges tasked with training pastors and is rarely used in churches as beginning training for prospective pastors. Steve Parr (2010) laments over his experience of talking with a large group of master of divinity graduates, those who have been trained for the task of pastoring, who had been given no academic training at all concerning how to lead Sunday school, leading him to conclude, "if the pastor does not have the tools and the knowledge, neither will the members. The result is that many pastors go into a church that has the basic Sunday school structure... but the Sunday school is lifeless and cold" (p. 21).Further, with the many other tasks that occupy a pastor's schedule and thinking, Sunday school is often placed on the back burner. In trying to understand why pastors were not more involved in Sunday school, Rainer (1999) found that pastors focused their atten

What if that person you've been trying to avoid is your best shot at grace today? ...And what if that's the point? In *Accidental Saints*, New York Times best-selling author Nadia Bolz-Weber invites readers into a surprising encounter with what she calls "a religious but not-so-spiritual life." Tattooed, angry and profane, this former standup comic turned pastor stubbornly, sometimes hilariously, resists the God she feels called to serve. But God keeps showing up in the least likely of people—a church-loving agnostic, a drag queen, a felonious Bishop and a gun-toting member of the NRA. As she lives and worships alongside these "accidental saints," Nadia is swept into first-hand encounters with grace—a gift that feels to her less like being wrapped in a warm blanket and more like being hit with a blunt instrument. But by this grace, people are transformed in ways they couldn't have been on their own. In a time when many have rightly become disillusioned with Christianity, *Accidental Saints* demonstrates what happens when ordinary people share bread and wine, struggle with scripture together, and tell each other the truth about their real lives. This unforgettable account of their faltering steps toward wholeness will ring true for believer and skeptic alike. Told in Nadia's trademark confessional style, *Accidental Saints* is the stunning next work from one of today's most important religious voices.

Jesus told us to make disciples, not converts. He told us to make followers, not lead people to pray a magic prayer. This seven-week course will provide a good foundation for new believer and a great reminder for all believers. Suitable for use in a small group or adult Sunday School class. Topics include: - Convert or Disciple? What is the difference between a convert and a disciple? How can we move from believing to discipleship? - Discipleship Defined. What is a disciple? This lesson will look at three biblical components of discipleship. - How to Have a Life-changing Quiet Time. Living the disciple's life can be summarized this way: exposing yourself to the Word each day, and striving to be obedient to that Word through the power of the Holy Spirit. - How to Live the Spirit Filled Life. There is more to Christian living than trying really hard to be good. We must be continually filled with the Spirit in order to live the disciple's life. - Train Yourself to Be Godly. Training has to do with breaking down a complex task into component parts and practicing the parts until they become a habit. This is called training. - The Cost of Discipleship. Anyone who would be a disciple of Christ must take up their cross daily and follow Him. - Transformed by Habit. Most of life is habit. Disciples harness the power of habit in order to live the Disciple's Life.
