A packaging label for the Kodak Instamatic 404 Outfit. This was received by Kodak Australasia's Packaging Design department on the 4 June 1965, from the Eastman Kodak printers, perhaps for reference or use in their own production. The Instamatic 404 Outfit came with a film cartridge and flashcubes. This label, likely adhered to the top of the outfit, features two small pictures showing how to ...

George Eastman ' s aim was to make a camera “ as easy to use as the pencil. ” With this new system, the snapshotter doesn ' t thread film or handle film spools. The cartridges are simply dropped into the camera in any light — even bright sunlight. The Kodapak film cartridges will be available loaded with Kodak Verichrome pan film and three 64-speed color films — Kodachrome-X, and new ...
