This is a new release of the original 1957 edition.

First published in 1943, Eileen J. Garrett's book *Awareness* is a compilation of her thoughts on human consciousness, faith, and first-hand knowledge of the workings of her own psychic abilities. A plea for increased knowledge of our inner potentialities remains as valid now as then, with a reminder that, as in the ancient legend, the golden key to our destiny is hidden within ourselves.

A compelling, candid portrait of a modern psychic medium, *Angelic Force* describes the many challenges Raphael faces in her work and describes the many ways she has touched and changed people's lives by bringing messages from the other side and by teaching others to open their minds to their own psychic abilities.

In this "revelation" of a biography (USA TODAY), a Pulitzer Prize-winning journalist examines the life and times of Eunice Kennedy Shriver, arguing she left behind the Kennedy family's most profound political legacy. While Joe Kennedy was grooming his sons for the White House and the Senate, his Stanford-educated daughter, Eunice, was hijacking her father's fortune and her brothers' political power to engineer one of the great civil rights movements of our time on behalf of millions of children and adults with intellectual disabilities. Her compassion was born of rage: at the medical establishment that had no answers for her sister Rosemary, at her revered but dismissive father, whose vision for his family did not extend beyond his sons, and at a government that failed to deliver on America's promise of equality. Now, in this "fascinating" (the Today show), "nuanced" (The Boston Globe) biography, "ace reporter and artful storyteller" (Pulitzer Prize-winning author Megan Marshall) Eileen McNamara finally brings Eunice Kennedy Shriver out from her brothers' shadow. Granted access to never-before-seen private papers, including the scrapbooks Eunice kept as a schoolgirl in prewar London, McNamara paints an extraordinary portrait of a woman both ahead of her time and out of step with it: the visionary founder of Special Olympics, a devout Catholic in a secular age, and an officious, cigar-smoking, indefatigable woman whose impact on American society was longer lasting than that of any of the Kennedy men.
