GLASGOW — The Scottish National Party (SNP) burst onto the British political scene in the early 1970s campaigning under the punchy separatist slogan of "It's Scotland's Oil" — a reference to the vast reservoirs of oil and gas recently discovered beneath the North Sea waters around Aberdeenshire. But five decades on, faced with an accelerating climate crisis, a prolonged slump in global ...

Worried about the economy? Stuck with a job you dislike? There are tons of books about entrepreneurship as a way help you escape these problems, but it is very risky to put all your eggs in one entrepreneurial basket. And that basket may have holes you don't even know exist. Much better to experiment with a few different income streams, simultaneously. Your financial advisor probably told you to diversify your stock portfolio but did he tell you to diversify your income, more generally? Do you sense that, in today's times, people are making lots of money in creative ways and using their newfound freedom to live the life of their dreams? It's true! And regardless of where you are in your career, we believe you can join the Multiple Income Streams Revolution. This book is written to help the average person create new streams of income. If this sounds great, then you will enjoy Dan King and Mohit Tater's Multiple Income Streams Revolution. In these pages, two six-figure multiple income streams earners show you their strategies. This practical, straight-to-the-point guide shows you: ● The basics of multiple income streams. What are multiple income streams and why should you build them? ● How to find new, creative, income stream ideas and determine which ideas are worth your time. ● The 11 exciting new income stream ideas and how to raise money for them ● The principles of the Multiple Income Streams Method (MIS) ● 6 ways to get super clear on the strengths you'll leverage to massively increase your income ● 11 ways to dramatically increase your productivity ● How to build a team to scale your income streams while you sleep ● How to invest in some of the most exciting private companies in America, today ● How to capitalize on intellectual property created by others Financial independence is defined as having the freedom to do what you want, when you want. Financial independence and early retirement are possible if you have access to the right resources and you're able to take the necessary steps. In this book, money is introduced from a refreshingly new perspective. It will show you not just how to get complete control over your money, but also how to generate from multiple income streams and thus creating a worthwhile life of financial security, control and independence. Join Dan King and Mohit Tater as they both take you on a financial roller-coaster ride into the world of multiple income streams. Through this book you will learn how to achieve financial independence in the 21st century. Carefully crafted strategies, techniques, and lifestyles about smart financial choices, self-sufficiency, and increasing your income streams will be at your disposal to help you formulate your own plan for attaining that independence.

A fully revised edition of one of the most influential books ever written on personal finance with more than a million copies sold "The best book on money. Period." -Grant Sabatier, founder of "Millennial Money," on CNBC Make It "This is a wonderful book. It can really change your life." -Oprah For more than twenty-five years, Your Money or Your Life has been considered the go-to book for taking back your life by changing your relationship with money. Hundreds of thousands of people have followed this nine-step program, learning to live more deliberately and meaningfully with Vicki Robin's guidance. This fully revised and updated edition with a foreword by "the Frugal Guru" (New Yorker) Mr. Money Mustache is the ultimate makeover of this bestselling classic, ensuring that its time-tested wisdom applies to people of all ages and covers modern topics like investing in index funds, managing revenue streams like side hustles and freelancing, tracking your finances online, and having difficult conversations about money. Whether you're just beginning your financial life or heading towards retirement, this book will show you how to: • Get out of debt and develop savings • Save money through mindfulness and good habits, rather than strict budgeting • Declutter your life and live well for less • Invest your savings and begin creating wealth • Save the planet while saving money • ...and so much more! "The seminal guide to the new morality of personal money management." -Los Angeles Times

The financial planning landscape for millennials is fundamentally different than for any other generation that has come before. Between unprecedented student loan debt and income levels that have lagged behind those of previous generations, building wealth as a millennial can seem like a daunting, confusing, and often impossible feat. As a millennial and financial planner, Rachel Podnos O'Leary understands the unique obstacles and opportunities that face her generation. In 21st Century Wealth, her no-nonsense personal finance guide, she shows you how to achieve financial independence, no matter your starting point. With tips on how you can build wealth through cash flow planning, debt reduction, investing, and strategic tax planning, you'll learn how to leverage time and money as your most precious resources. Whether you're working on paying down student loans or wondering how to invest your 401(k), this simple guide has the answers you need.

As host of his own public TV series, personal finance commentator for the "The Nightly Business Report," and star of annual PBS specials, Jonathan Pond is one of the nation's most respected financial advisors. Here, he focuses his financial wisdom

on the task of achieving financial security for the next 100 years. This book covers every major financial situation that is likely to arise in an adult's lifetime. From the beginnings of financial independence to complicated estate planning, from buying a home to saving for retirement, it's all in here. The information you need is presented clearly and concisely. Pond also reveals the secrets you'll need to know to make the most of the 21st century's financial opportunities. Jargon-free.

Within this book, I will guide you on how to utilise industries like ecommerce, real estate and investing and start taking action so that you take advantage of what seems to be the best time to be alive, to not only make an extra income but rather create wealth through the information that I highlight throughout this book. After picking this book, you will be so full of information, energy and excitement that you will have no clue where to start from. I am privileged and honored to share all these nuggets and secrets that more than 80% of the world's population are unaware of. I wish the education system was designed in order for us to truly and really take care of our loved ones through financial independence. You will also get to understand after reading this book that formal education will only make you a living whereas self education will make you a fortune. This is not a book to get rich quick, if that's what you thought then the book isn't for you but rather to those who are willing to consistently put in the work and time to get closer to their goals.

"I have known Michael for over twenty years. He has one of the smartest business minds I know. When he gives me advice, I pay attention, and you should, too. Automatic Wealth is full of wisdom and insight filtered by a master and brought to you in a well-written and delightful style." -John Mauldin, Editor of the bestselling book, Just One Thing: Twelve of the World's Best Investors Reveal the One Strategy You Can't Overlook "I am not usually a fan of this kind of book. One entitled Automatic Wealth made me suspicious. But I am a fan of Michael Masterson, and when I read the book, I was impressed. Masterson manages to go beyond the theory to tell you exactly how real people make real money in the real world. That, I think, is his genius. He's able to open his own eyes and see for himself what actually works. The result is original, clever, and very helpful to anyone who is serious about building wealth." -Bill Bonner, coauthor of Empire of Debt: The Rise of an Epic Financial Crisis "Michael Masterson has been a great friend of mine for over twenty years. I know for a fact that the strategy he teaches is the exact same strategy he has personally used to amass extraordinary wealth and prosperity for himself. He's reduced a normally daunting process down to six simple and unfailing steps YOU can absolutely use to vastly and rapidly increase your financial situation, often times doubling and redoubling your wealth every few years. This book will become your financial bible." -Jay Abraham, author of Getting Everything You Can Out of All You've Got: 21 Ways You Can Out-Think, Out-Perform, and Out-Earn the Competition "Michael Masterson's book is brilliant and concise, packed with breakthrough insights and unique wealth-building tips. Best of all, it's practical because it combines proven investment and financial planning advice with street-smart business and real estate secrets." -Robert Ringer, author of Action!, Looking Out for #1, and To Be or Not to Be Intimidated?

"There are dozens of primers on investing, but Schwab's is straightforward and carefully organized. . . . The glimmers of his personal life are gems. . . . By now, Schwab is a financial brand name, and the lessons from his rich life make for good reading—and good investing." —Suze Orman, author of The 9 Steps to Financial Freedom The biggest risk in investing is doing nothing. In the updated edition of this New York Times bestseller, Charles Schwab presents clear and simple lessons that will give readers the confidence they need to start down the road to financial independence. Schwab, one of the most trusted gurus in American investing, explains all the basics in a clear, easy-to-understand way. This revised edition completely updates the book to take into consideration the substantial changes and fluctuations in the market in recent years. A significant amount of new material has been added, including a valuable section on performance monitoring, a key strategy that enables investors to measure the performance of their portfolios against objective benchmarks. Using this excellent book, investors will learn how to:

- Define and set investment goals
- Prepare an investment plan, put it into action, and update it regularly
- Plan for their children's education
- Cope effectively with the ups and downs of the market
- Plan for a comfortable retirement
