Edition 4 Standard MHFA Manual (2017) **Mental Health** **---**

First aid is the first and immediate assistance given to any person suffering from either a minor or serious illness or injury, with care provided to preserve life, prevent the condition from worsening, or to promote recovery. It includes initial intervention in a serious condition prior to professional medical help being available, such as performing cardiopulmonary resuscitation (CPR) while ...

First aid **Wikipedia**

Prior to assisting any casualty, a First Aider must ask for and receive permission from the casualty before giving first aid. This can be a simple verbal ok from the casualty, or even just a nod of the head. First Aiders must remember that people have the right to refuse assistance. If the casualty is unconscious, then consent is implied.
