Fly-on-the-wall is a style of documentary-making used in film and television production. The name derived from the idea that events are seen candidly, as a fly on a wall might see them. In the purest form of fly-on-the-wall documentary-making, the camera crew works as unobtrusively as possible; however, it is also common for participants to be interviewed, often by an off-camera voice.

a fly on the wall an unnoticed observer of a particular situation. This expression is often used as an adjective, as in a fly-on-the-wall documentary, where it refers to a film-making technique in which events are merely observed and presented realistically with minimum interference, rather than acted out under direction. popular news feed trading tool providing stock news in real time. It is the perfect addition to a traditional stock screener. As mentioned in the Benzinga Pro review, market news trigger the market momentum, and TheFly tracks all the news in a little web-based app. Since it was founded in 1998, most of all, professional traders and investors use this service as a helpful tool for always being up to date when it comes to serious news and also to some kinds of rumors.
