Author of Honda Mini Trail: Enthusiast's Guide, Jeremy Polson has put together another vintage Honda guide. It covers the third-best-selling Honda in American Honda history, the long-running Mini Trail CT-70, along with the CL, SL, and XL 72-cc motorcycles manufactured from 1969 to 1994. Polson begins with a brief introduction of the models that led to the first CL-70, and then jumps into a thorough analysis of the many models and iterations that Honda offered through the years. With more than 25 years of experience collecting, restoring, and selling more than 200 small-displacement Hondas, Polson is the ideal author for this must-have look at a group of Honda's most popular motorcycles. Despite the worldwide popularity of American Honda's 72-cc motorcycles, no other book on these models has been published, and the accuracy of information found on the Internet is suspect at best. It could be called the "Bible for Honda 72-cc collectors and enthusiasts," because this book presents facts and figures backed up by production dates, serial numbers, and dealer information found nowhere else. In addition to the hard facts, this book is filled with many rare photos that track the evolution of Honda's 72-cc motorcycles and unravels their mystery. Rare models covered include the first CT-70 "Silver Tags" with more than 30 features not found on the majority of later-model CT-70s, as well as many other low-production 72-cc motorcycles.

106 pages, 68 black & white illustrations, size 5.5 x 8.5 inches. Originally published under the title The Book of the Honda 90 by John Thorpe, this book is one of The Motorcyclist's Library series published in the USA by Floyd Clymer by arrangement with the original publishers Pitman Ltd. of London, England. It includes complete technical data, service and maintenance information and detailed instructions for the repair and overhaul of the major mechanical and electrical components for all models of Honda 90 Motorcycles through 1966. There is adequate detailed text and diagrams to assist in major refurbishing such as an engine rebuild or even a complete renovation. Applicable to all 90cc variations including the S90, CM90, C200, S65, Trail 90 & C65 models, this publication has been Out-of-print and unavailable for many years and is becoming increasingly more difficult to find on the secondary market and we are pleased to be able to offer this reproduction as a service to all Honda enthusiasts worldwide.
