The VFR800 VTEC was launched in 2002 as a replacement to the hugely popular VFR800Fi model, bringing with it the controversial VTEC system and an underseat pipe look. It was refined in 2006 through improved VTEC mapping, clear indicator lenses and the fitment of ABS as standard. This generation of VFR was replaced in 2014 by the new VFR800F, which added traction control, radial brakes and a ...

[Honda VFR800 VTEC \(2002-2013\): Review & Buying Guide](#)

When the VFR first used the VTEC system in 2002 it was more than a little controversial. Jerky in its operation and irritating at cruising speed as the VTEC dropped in and out, it's fair to say VFR riders weren't huge fans of the new technology. However, over the years Honda have revised the system and it is now faultless in its operation. In two-valve mode the V4 provides smooth torque ...

The Honda VF800 VTEC has long been described as a sports bike for tourers and a tourer for sports bike riders and this certainly does seem to capture all that the VFR800 VTEC has to offer. Whether you want to invest in a bike for commuting or take it out on longer distances, the VF800 VTEC handles itself well.
