Everything from "Did Beatrix Potter ever write a book about dinosaurs?" to "Did Charles Dickens ever write anything fun?" Anyone who has ever worked in retail will nod knowingly at requests like "I've forgotten my glasses, can you read me the first chapter?" Or the absurdity of questions like "Excuse me . . . is this book edible?" Filled with fun and quirky illustrations by the award-winning Brothers McLeod and featuring contributions from booksellers across the United States and Canada, as well as the author's native UK, *Weird Things Customers Say in Bookstores* is a celebration of bookstores, large and small, and of the brilliant booksellers who toil in those literary fields, as well as the myriad of colorful characters that walk through the doors everyday. This irresistible collection is proof positive that booksellers everywhere are heroes.

We're not talking about rooms that are just full of books. We're talking about bookshops in barns, disused factories, converted churches and underground car parks. Bookshops on boats, on buses, and in old run-down train stations. Fold-out bookshops, undercover bookshops, this-is-the-best-place-I've-ever-been-to-bookshops. Meet Sarah and her Book Barge sailing across the sea to France; meet Sebastien, in Mongolia, who sells books to herders of the Altai mountains; meet the bookshop in Canada that's invented the world's first antiquarian book vending machine. And that's just the beginning. From the oldest bookshop in the world, to the smallest you could imagine, *The Bookshop Book* examines the history of books, talks to authors about their favourite places, and looks at over three hundred weirdly wonderful bookshops across six continents (sadly, we've yet to build a bookshop down in the South Pole). *The Bookshop Book* is a love letter to bookshops all around the world. -- "A good bookshop is not just about selling books from shelves, but reaching out into the world and making a difference." David Almond (*The Bookshop Book* includes interviews and quotes from David Almond, Ian Rankin, Tracy Chevalier, Audrey Niffenegger, Jacqueline Wilson, Jeanette Winterson and many, many others.)

He must find the heart of his treasure. She is the treasure of his dragon heart. The Nox Incendi dragons are dying. In a mysterious faux castle on the outskirts of Las Vegas, Rave Dorado has been struggling for centuries to find a cure for the creeping cold that is slowly turning his dragonkin to stone. Until his fiery gaze falls on a curvy, plucky female whose purity of spirit lights a flame in his icy soul... Piper Ramirez knew a girls' night out with her two best friends at the world's most exclusive casino would be beyond belief...but she had no idea just how far. Inexplicably drawn to the dark and sexy Rave, she'll roll the dice and take a chance giving him her body, though he is too much of an enigma to truly trust. But the Nox Incendi shifters aren't the only one with secrets in Sin City. Piper will have to open her eyes to a strange new world and Rave will have to open his heart if they want to survive the dragon fever. \_\_\_\_\_ *DRAGON FEVER* is a standalone dragon shifter paranormal romance with a Happily Ever After for the heroine and her hero. Although we suspect there maybe be more brooding dragon lords longing for their mates! If you like sexy shifter love stories, you might also enjoy the "Wolves of Angels Rest" wolf shifters. 'Poignant and laugh-out-loud funny ... proof not just that Huberman can write, but that she can do so with wit, insight and charm' Irish Times Grace and Robbie seem destined to be together for ever, but when he unexpectedly goes down on bended knee, Grace freaks out. Cue the mother of all meltdowns. On top of that, Grace is not exactly fulfilled by her job - dressing well-to-do ladies with way more money than style. Cue - in her addled state - losing it in work, with disastrous consequences. Into Grace's train-wreck of a life comes Verity - ex-Hollywood costume lady and vintage clothing queen. Verity has seen it all and done it all and her life makes Grace's look about as exciting as Songs of Praise. Verity tells Grace that the secret of happiness is to discover her 'heart wish'. If only Grace could work out what her heart's greatest wish really is ... Amy Huberman is both a star and a trendsetter, but as a writer she is blessed with an earthy, off-beat and irreverent sense of humour which makes her a gifted and original story teller. 'Huberman has a light touch, but she handles well the realities of big themes like marital breakdown, defeated ambition' Sunday Independent 'So full of feeling and SO funny ... a refreshing and honest take on the true priorities of a modern woman' Dawn O'Porter

International Bestseller! "Dizzily wonderful . . . a perfectly constructed work of fiction, with audacious twists . . . Collins plays her own game here with perfect skill." — The Times (UK) An intricate and utterly spellbinding literary epic brimming with enchantment, mystery, and dark secrets from the highly acclaimed author of the #1 international bestseller *The Binding*. If your life was based on a lie, would you risk it all to tell the truth? At Montverre, an ancient and elite academy hidden high in the mountains, society's best and brightest are trained for excellence in the grand jeu—the great game—an arcane and mysterious competition that combines music, art, math, poetry, and philosophy. Léo Martin once excelled at Montverre but lost his passion for scholarly pursuits after a violent tragedy. He turned to politics instead and became a rising star in the ruling party, until a small act of conscience cost him his career. Now he has been exiled back to Montverre, his fate uncertain. But this rarified world of learning Léo once loved is not the same place he remembers. Once the exclusive bastion of men, Montverre's most prestigious post is now held by a woman: Claire Dryden, also known as the Magister Ludi, the head of the great game. At first, Léo feels an odd attraction to the magister—a mysterious, eerily familiar connection—though he's sure they've never met before. As the legendary Midsummer Game approaches—the climax of the academy's year—long-buried secrets rise to the surface and centuries-old traditions are shockingly overturned. A highly imaginative and intricately crafted literary epic, *The Betrayals* confirms Bridget Collins as one of the most inventive and exquisite new voices in speculative fiction.

'Absolutely magical ... Always intriguing' Richard Adams author of *Watership Down*. Behind the realm of man lie the wild roads. Weaving through time and space, these hidden pathways carry the natural energies - the spirits, the dreams - of the world. No creature can slip into the shadows and travel the wild roads better than the cat. For millennia, cats have patrolled the tangled paths, maintaining balance and order, guarding against corruption and chaos. It is dangerous territory: for those who control the wild roads hold the keys

to the world. Amid a struggle between the purest good and the darkest evil, here are tales of duty and destiny, of courage and comradeship among the extraordinary creatures who brave the wild roads... Secure in a world of privilege and safety, Tag is happy with life as a house cat – until the dreams begin. Hazy dreams of strange pathways, of a mission he must undertake and of a terrible responsibility he will bear. Armed with the cryptic message, Tag must bring the King and Queen of cats to Tintagel before the spring equinox. Meanwhile, a man known only as the Alchemist doggedly hunts the Queen for his own ghastly ends. And if the Alchemist captures her, the world will never be safe again...

After getting caught hooking up with her best friend's ex on the last day of junior year, Kendall starts senior year friendless and ostracized. She plans to keep her head down until she graduates. But after discovering her online identity has been hacked and she's being framed for stealing from a dealer, Kendall is drawn into a tenuous partnership with the mastermind of a drug ring lurking in the shadows of her Brooklyn private school. If she wants to repair her tattered reputation and save her neck, she'll have to decide who she really is—and own it. The longer she plays the role of “bad girl,” the more she becomes her new reputation. Friends and enemies, detectives and drug dealers—no one is who they appear to be. Least of all Kendall.

Today it seems we have the world at our fingertips. Thanks to smartphones and tools such as Google and Wikipedia, we're able feed any aspect of our curiosity instantly. But does this mean we are actually becoming more curious? Absolutely not. In *Curious*, Ian Leslie argues that true curiosity—the sustained quest for understanding that begets insight and innovation—is becoming increasingly difficult to harness in our wired world. We confuse ease of access to information with curiosity, and risk losing our ability to ask questions that extend our knowledge gap rather than merely filling it. Worst of all, this decline in curiosity has led to a decline in empathy and our ability to care about those around us. Combining the latest science with an urgent call to cultivate curious minds, *Curious* draws on psychology, social history, and popular culture to show that being deeply curious is our only hope when it comes to solving current crises—as well as an essential part of being human.

Bree is a loser, a wannabe author who hides behind words. But when she's told she needs to start living a life worth writing about, *The Manifesto on How to Be Interesting* is born. Six steps on how to be interesting. Six steps that will see her infiltrate the popular set, fall in love with someone forbidden and make the biggest mistake of her life.

**\*\*INSTANT NEW YORK TIMES BESTSELLER\*\*** From one of the most followed booktubers today, comes *Again, but Better*, a story about second chances, discovering yourself, and being brave enough to try again. Shane has been doing college all wrong. Pre-med, stellar grades, and happy parents...sounds ideal -- but Shane's made zero friends, goes home every weekend, and romance...what's that? Her life has been dorm, dining hall, class, repeat. Time's a ticking, and she needs a change -- there's nothing like moving to a new country to really mix things up. Shane signs up for a semester abroad in London. She's going to right all her college mistakes: make friends, pursue boys, and find adventure! Easier said than done. She is soon faced with the complicated realities of living outside her bubble, and when self-doubt sneaks in, her new life starts to fall apart. Shane comes to find that, with the right amount of courage and determination one can conquer anything. Throw in some fate and a touch of magic - the possibilities are endless.
