The Building Plan Examiner Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: building construction and rehabilitation; understanding building plans and requirements; zoning laws and codes; structural, electrical and HVAC components; office record keeping; and more.

Commercial Building Inspector is a complete study guide created to help you prepare for the ICC? Commerical Building Inspector, B-2, Certification Exam. This effective tool will show you a quick and easy way to learn the code while you practice for taking the certification exam. While merely reading and studying the code can help you learn. it would take a long time to master because of the extremely large amount of data, exceptions and variations it contains. It is almost impossible to have all that information flawlessly in your mind. In fact, that is why the tests are open book. The best inspectors rely on the code book, not their recollection of the code. It is extremely important to be right on the safety issues in the code. If you have a basic understanding of terminology and you study using my practice question study technique, you should easily be able pass the exam first time and become an expert on the code at the same time while making the most of your time. The general practice questions, timed practice exams, along with special learning techniques in this book will help you:1. Increase your speed at finding the answers making you an expert on where to find the answers in the code book, this is very important because this is the only way to be correct 100% of the time.2. Learn the answers to many of the questions that will be on the test and thereby be able to answer them from recall memory, saving you precious time. 3. Become an expert at managing that time during the test, through test taking experience.Quickly learn a system of study that does do not waste time and is very effective in learning the material quickly and accurately. Using questions to learn is far superior to just reading. When you read a question your mind in forced to think, after all you now have a problem to solve. In order to purse the answer, your mind is required to interpret what that problem is, then process that information, and finally find a solution through recall, or research. This system of study will teach you how to both recall the answers and research the answers quickly and effectively, in fact, you will find that this technique can be used for anything you want to learn and remember throughout your life.The practice questionsThe first section of practice questions contains hundreds of questions similar to those on the exam. It is designed to help you learn the code and give you the practice need to the find answers quickly. The second section contains are several Timed Practice Tests, which will hone your skills further, only this time with the element of time in play, just like the real exams. When you are finished you should be a master.Now, you can go into that exam room with experience, knowledge and confidence, and pass that exam.Cliff Burger

Plan Review Study Guide is for busy people who are working and studying at the same time. It not only gives you basic answers, but it also teaches you the steps to solve the problems and to navigate the 2014 National Electrical Code to find the answers quickly and efficiently. Take the first step in becoming an electrical plans reviewer. With study and focus, you are on your way to face the challenges and responsibility necessary to do the job.
