In The Complete Book of 1990s Broadway Musicals, Dan Dietz examines in detail every musical that opened on Broadway during the 1990s. In addition to including every hit and flop that debuted during the decade, this book highlights revivals and personal-appearance revues. The 1990s saw major changes in the Broadway musical, most notably: the so-called Disneyfication of shows, with the debuts of long-running hits like Beauty and the Beast and The Lion King.

Recounts the true story of the murder of Ken Rex McElroy, a man who had terrorized and bullied the citizens of Skidmore, Missouri, and whose killer is still protected by a code of silence.

This is the first anthology to address Design History as an established discipline, a field of study which is developing a contextualised understanding of the role of design and designed objects within social and cultural history. Extracts range from the 18th Century, when design and manufacture separated, to the present day. Drawn from scholarly and polemical books, research articles, exhibition catalogues, and magazines, the extracts are placed in themed sections, with each section separately introduced and each concluded with an annotated guide to further reading. Covering both primary texts (such as the writings of designers and design reformers) and secondary texts (in the form of key works of design history), the reader provides an essential resource for understanding the history of design, the development of the discipline, and contemporary issues in design history and practice.Authors include: Judy Attfield, Jeremy Aynsley, Reyner Banham, Roland Barthes, Jean Baudrillard, Walter Benjamin, Pierre Bourdieu, Christopher Breward, Denise Scott Brown, Ruth Schwartz Cowan, Clive Dilnot, Buckminster Fuller, Paul Greenhalgh, Dick Hebdige, Steven Heller, John Heskestt, Pat Kirkham, Adolf Loos, Victor Margolin, Karl Marx, Jeffrey Meikle, William Morris, Gillian Naylor, Victor Papanek, Nikolaus Pevsner, John Ruskin, Adam Smith, Penny Sparke, John Styles, Nancy Troy, Thorstein Veblen, Robert Venturi, John Walker, Frank Lloyd Wright.

Hailed as "the War and Peace of rock and roll" by Bob Dylan himself, this is the ultimate backstage pass to Dylan's legendary 1975 tour across America—by a former Rolling Stone reporter prominently featured in Martin Scorsese's Netflix documentary Rolling Thunder Revue: A Bob Dylan Story. In 1975, as Bob Dylan emerged from eight years of seclusion, he dreamed of putting together a traveling music show that would trek across the country like a psychedelic carnival. The dream became reality, and On the Road with Bob Dylan is the behind-the-scenes look at what happened when Dylan and the Rolling Thunder Revue took to the streets of America. With the intimate detail of a diary, Larry "Ratso" Sloman's mesmerizing account both transports us to a celebrated period in rock history and provides us with a vivid snapshot of Dylan during this extraordinary time. This reissue of the 1978 classic resonates more than ever as it chronicles one of the most glittering rock circuses ever assembled, with a cast that includes Joan Baez, Robbie Robertson, Joni Mitchell, Allen Ginsberg, Ramblin' Jack Elliott, and a wild entourage of groupies, misfits, sinners, and saints who trailed along for the ride. Sloman candidly captures the all-night revelry and musical prowess—from the backstage antics to impromptu jams—that made the tour a nearly mystical experience. Complete with vintage photos and a new introduction by renowned Texas musician, mystery writer, and Revue member Kinky Friedman, this is an unparalleled treat for Dylan fans old and new. Without question, On the Road with Bob Dylan is a remarkable, revealing piece of writing and a rare up-close and personal view of Dylan on tour.
