It may be able to get up, but through obstinacy will ...

Excerpt from Outlines of Clinical Diagnostics of the Internal Diseases of Domestic Animals The present fourth edition has undergone in all depart ments a thorough revision. A few new cuts have been added. Some of which graphically demonstrate the respirations by instructive curves. Throughout I have endeavored not only to furnish the student an adequate guide but also to provide the practitioner with a reliable adviser. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
