Fully revised and updated to December 2002, Malcolm Shaw's bestselling textbook on international law is a clear, authoritative and comprehensive introduction to the subject. The fifth edition includes new material on Inter-state Courts and Tribunals, arbitration tribunals and the role of international institutions such as the WTO. It will remain an invaluable resource for students and practitioners alike. While essential reading for students of international relations and the political sciences, the scope of the text also makes it of interest to lawyers and government and international employees. Previous Edition Hb (1997): 0-521-59384-0 Previous Edition Pb (1997): 0-521-57667-9

Clear and concise: a landmark publication in the teaching of international law from one of the world's leading international lawyers.

The focus of this law school casebook is on constitutional law as it relates to the conduct of foreign relations, primarily with that subfield dealing with the "separation of powers." Foreign relations law refers to the rules, principles, practices and procedures which structure the formation and execution of U.S. foreign policy,

including it's participation in international law and institutions.

Contains essays describing the role of territory in international law. This book also describes how the international legal system accepts and regulates the apportionment of territory between states, and regulates boundary questions.

This book assesses the impact that pronouncements by the International Court of Justice (ICJ) have had on international law. It provides a comprehensive overview of the role of the ICJ in the contemporary law-making process.

"Starke's International Law" offers a reliable guide to basic principles, and current illustrations, of international law in practice.

Interest in international law has increased greatly over the past decade, largely because of its central place in discussions such as the Iraq War and Guantanamo, the World Trade Organisation, the anti-capitalist movement, the Kyoto Convention on climate change, and the apparent failure of the international system to deal with the situations in Palestine and Darfur, and the plights of refugees and

illegal immigrants around the world. This Very Short Introduction explains what international law is, what its role in international society is, and how it operates. Vaughan Lowe examines what international law can and cannot do and what it is and what it isn't doing to make the world a better place. Focussing on the problems the world faces, Lowe uses terrorism, environmental change, poverty, and international violence to demonstrate the theories and practice of international law, and how the principles can be used for international co-operation.

This volume was produced to celebrate the fortieth anniversary of the Israel Yearbook on Human Rights. Forty years have yielded an impressive forty annual volumes. When it was started in 1971, the Yearbook was the first of its kind anywhere in the world. It has always understood its mandate as transcending the narrow borders of the discipline of either national or international human rights. From the outset, international humanitarian law and international criminal law were understood as coming within the proper framework of the Yearbook, as were on occasion articles on diverse freedoms that may seem out of bounds to a strict interpreter of the phrase "human rights".
