The simplest website you can  
make as a beginner is a tribute  
page of someone you admire in  
your life. It requires only basic  
knowledge of HTML and CSS.  
Make a webpage writing about  
that person adding his/her image.  
On the top of the webpage, add  
the image and name of the  
person and below that give layout  
for the rest of the details.
