The right to trial by jury in criminal cases is guaranteed by the Sixth Amendment to the U.S. Constitution, as well as the laws of every state. (See The Right to Trial by Jury .) Lawyers and judges select juries by a process known as "voir dire," which is Latin for "to speak the truth.". In voir dire, the judge and attorneys for both sides ask potential jurors questions to determine if they are competent and suitable to serve in the case.

Jury Selection in Criminal Cases provides an authoritative, insiders perspective on best practices and strategies for selecting and deselecting prospective jurors in a criminal case.

This practical guide for practitioners and the judiciary provides readers with guidance on all aspects of jury selection, from the initial decision to select trial by jury to challenges for cause and peremptory challenges.

Although the jury is often referred to as one of the bulwarks of the American justice system, it regularly comes under attack. Recent changes to trial procedures, such as reducing jury size, allowing non-unanimous verdicts, and rewriting jury instructions in plain English, were designed to promote greater efficiency and adherence to the law. Other changes, such as capping damages and replacing jurors with judges as arbiters in complex trials, seem designed to restrict the role of laypeople in trial outcomes. Whether these innovations are implemented to facilitate the administration of justice or due to the belief that juries have excessive power and make irrational decisions, they raise a host of questions about their effects on juries' judgments and about justice. Policymakers sometimes make incorrect assumptions about jury behavior, with the result that some reform efforts have had surprising and unintended consequences. The Jury Under Fire reviews a number of controversial beliefs about juries as well as the implications of these views for jury reform. It reviews up-to-date research on both criminal and civil juries that uses a variety of research methodologies: simulations, archival analyses, field studies, and juror interviews. Each chapter focuses on a mistaken assumption or myth about jurors or juries, critiques these myths, and then uses social science research findings to suggest appropriate reforms. Chapters discuss the experience of serving as a juror; jury selection and jury size; and the impact of evidence from eyewitnesses, experts, confessions, and juvenile offenders. The book also covers the process of deciding damages and punishment and the role of emotions in jurors' decision making, and it compares jurors' and judges' decisions. Finally, it reviews a broad range of efforts to reform the jury, including the most promising reforms that have a solid backing in research. Featuring highly visible trials to illustrate key points, The Jury Under Fire will interest researchers in psychology and the law, practicing attorneys, and policymakers, as well as students and trainees in these areas.

"Project of the American Bar Association, Criminal Justice Standards Committee, Criminal Justice Section"--T.p. verso.

This guide will help you understand effective voir dire and jury selection strategies and adapt them to the circumstances you face in your trial jurisdiction.

Jury service is one of the most important civic duties a person can undertake, yet it is often poorly understood. This booklet has been prepared in consultation with the Juries Commissioner's Office. It answers frequently asked questions about jury service and provides prospective jurors with a clear explanation of their responsibilities and the processes involved in trials. All potential jurors will receive a copy when they attend for jury service.

Jury selection is the process by which attorneys remove people from the jury pool whom they judge to be undesirable, presumably because they fear that the potential juror would be biased against their side. In this book, the authors review the law governing attorneys' decisions to remove potential jurors from jury service, including laws prohibiting the systematic removal of particular categories of people from the jury.
