The word 'fascism' sometimes appears to have become a catch-all term of abuse, applicable to anyone on the political right, from Hitler to Donald Trump and from Putin to Thatcher. While some argue that it lacks any distinctive conceptual meaning at all, others have supplied highly elaborate definitions of its 'essential' features. It is therefore a concept that presents unique challenges for any student of political theory or history. In this accessible book, Roger Griffin, one of the world's leading authorities on fascism, brings welcome clarity to this controversial ideology. He examines its origins and development as a political concept, from its historical beginnings in 1920s Italy up to the

present day, and guides students through the confusing maze of debates surrounding the nature, definition and meaning of fascism. Elucidating with skill and precision its dynamic as a utopian ideology of national/racial rebirth, Griffin goes on to examine its post-Second World War mutations and its relevance to understanding contemporary right-wing political phenomena, ranging from Marine Le Pen to Golden Dawn. This concise and engaging volume will be of great interest to all students of political theory, the history of political thought, and modern history.

Populism is the key political phenomenon of the 21st century. From Trump to Brexit, from Chávez to Podemos, the term has been used to describe leaders, parties and

Download Free Key Concepts In Politics

movements across the globe who disrupt the status quo and speak in the name of 'the people' against 'the elite'. Yet the term remains something of a puzzle: poorly understood, vaguely defined and, more often than not, used as a term of abuse. In this concise and engaging book, leading expert Benjamin Moffitt cuts through this confusion. Offering the first accessible introduction to populism as a core concept in political theory, he maps the different schools of thought on how to understand populism and explores how populism relates to some of the most important concepts at the heart of political debate today. He asks: what has populism got to do with nationalism and nativism? How does it intersect with socialism? Is it compatible with liberalism? And in the end, is populism a good or bad thing

Download Free Key Concepts In Politics

for democracy? This book is essential reading for anyone – from students and scholars to general readers alike – seeking to make sense of one the most important and controversial issues in the contemporary political landscape.
