The advertising campaigns launched by Kodak in the early years of snapshot photography stand at the center of a shift in American domestic life that goes deeper than technological innovations in cameras and film. Before the advent of Kodak advertising in 1888,

writes Nancy Martha West, Americans were much more willing to allow sorrow into the space of the domestic photograph, as evidenced by the popularity of postmortem photography in the mid-nineteenth century. Through the taking of snapshots, Kodak taught Americans to see their experiences as objects of nostalgia, to arrange their lives in such a way that painful or unpleasant aspects were systematically erased. West looks at a wide assortment of Kodak's most popular inventions and marketing strategies, including the "Kodak Girl," the momentous invention of the Brownie camera in 1900, the "Story Campaign" during World War I, and even the Vanity Kodak Ensemble, a camera introduced in 1926 that came

fully equipped with lipstick. At the beginning of its campaign, Kodak advertising primarily sold the fun of taking pictures. Ads from this period celebrate the sheer pleasure of snapshot photography--the delight of handling a diminutive camera, of not worrying about developing and printing, of capturing subjects in candid moments. But after 1900, a crucial shift began to take place in the company's marketing strategy. The preservation of domestic memories became Kodak's most important mission. With the introduction of the Brownie camera at the turn of the century, the importance of home began to replace leisure activity as the subject of ads, and at the end of World War I, Americans seemed desperately to need

photographs to confirm familial unity. By 1932, Kodak had become so intoxicated with the power of its own marketing that it came up with the most bizarre idea of all, the "Death Campaign." Initiated but never published, this campaign based on pictures of dead loved ones brought Kodak advertising full circle. Having launched one of the most successful campaigns in advertising history, the company did not seem to notice that selling a painful subject might be more difficult than selling momentary pleasure or nostalgia. Enhanced with over 50 reproductions of the ads themselves, 16 of them in color, Kodak and the Lens of Nostalgia vividly illustrates the fundamental changes in American culture and the function of

"In order to regain her spiritual footing, Sonia turned to the age-old practice of pilgrimage and set out to walk the legendary Camino de Santiago, an 800-kilometer (500-mile) trek over the Pyrenees and across northern Spain. Day after day she pushed through hunger, exhaustion, and pain to reach her destination. Eventually, mortification of the flesh gave way to spiritual renewal, and she rediscovered the gifts of humility and forgiveness that she needed to repair her world."--Publisher.

seeking something beyond the barriers of nations and generations. His tales of social-climbing Sri Lankans, of the pathos of immigration, of rich people with poor taste, of ice-cream karma, of innocent love, eternity, and more take us to Colombo's nouveau riche, hoity-toity returnees, ladies with buttery skin and square fingernails, old-fashioned aristocrats, and the poor mortals trapped between them. Ferry's stories comprise characters that are 'serious and fine and upstanding, and infinitely dull', but also others like young John-John, who loses his childhood somewhere 'high up in the air between Asmara and Rome'; the maid, Agnes of God, whose mango-sucking teeth 'fly out at you like bats out of the mouth of a cave';

Ashoka, the immigrant who embodies his Sri Lankan identity only on the bus ride between home and work; and Professor Jayaweera who finds sterile freedoms caged in the 'unbending, straight lines of Western Justice'. Absurd, sad, scathing and generous, but mostly wickedly funny, Colpetty People presents modern Sri Lankans as they navigate worlds between Ceylon and the West.
