Gluten is found in wheat and some other grains. It's in foods people eat every day. Many people can eat it without problems. Others have a disease that makes gluten damage their bodies. Your Body on Gluten uncovers the nutritional benefits of foods containing gluten, how gluten interacts with the body, and how to include it as part of a balanced diet. Easy-to-read text, vivid images, and helpful back matter give readers a clear look at this subject. Features include a table of contents, infographics, a glossary, additional resources, and an index. Aligned to Common Core Standards and correlated to state standards. Core Library is an imprint of Abdo Publishing, a division of ABDO.

Get Peak Performance from Two-Stroke Engines Do you spend more time trying to start your weed trimmer than you do enjoying your backyard? With this how-to guide, you can win the battle with the temperamental two-stroke engine. Written by long-time mechanic and bestselling author Paul Dempsey, Two-Stroke Engine Repair & Maintenance shows you how to fix the engines that power garden equipment, construction tools, portable pumps, mopeds, generators, trolling motors, and more. Detailed drawings, schematics, and photographs along with step-by-step instructions make it easy to get the job done quickly. Save time and money when you learn how to: Troubleshoot the engine to determine the source of the problem Repair magnetos and solid-state systems--both analog and digital ignition modules Adjust and repair float-type, diaphragm, and variable venturi carburetors Fabricate a crankcase pressure tester Fix rewind starters of all types Overhaul engines--replace crankshaft seals, main bearings, pistons, and rings Work with centrifugal clutches, V-belts, chains, and torque converters

Seeing is Understanding. The first VISUAL guide to marine diesel systems on recreational boats. Step-by-step instructions in clear, simple drawings explain how to maintain, winterize and recommission all parts of the system - fuel deck fill - engine - batteries - transmission - stern gland - propeller. Book one of a new series. Canadian author is a sailor and marine mechanic cruising aboard his 36-foot steel-hulled Chevrier sloop. Illustrations: 300+ drawings Pages: 222 pages Published: 2017 Format: softcover Category: Inboards, Gas & Diesel

In *If I Knew Then*, which was first published in 1962, Debbie Reynolds makes her debut as an author, having already excelled in numerous other fields of expression—including appearing in motion pictures, on the stage, in vaudeville and on television, and selling more than a million copies of her record “Tammy,” from the movie *Tammy and the Bachelor* (1957). “I’m Debbie Reynolds. “Well, I’m not really Debbie; I’m Mary Frances. But if you like Debbie you can call me that. Or you can call me Sis, like my father, or Frannie, like my brother, or Mrs. Karl or—Whatever you want to call me, I’m pleased to meet you. “Now let’s get down to cases. Like the Case of Why Debbie Reynolds Is Writing a Book. That’s one that even Perry Mason would have trouble solving. “Me write a book? “I can imagine the hubbub this will arouse in certain quarters “People who know me well know I will not be swayed by flattery. I am going to write this book, anyway. First I’d better list what this book is not. “1. It is not an autobiography of Little Me. The life and times of this belle will have to be written a few decades hence. “2. It will not teach you how to play the piano in forty-five (45) days. “3. It will not cure nervous tension, negative thinking or excess acidity. “Then what is it? “It is a book about the things I have learned, often the hard way. It was prompted by the people who have written me for advice on a variety of subjects, mainly personal. Why me, I don’t know. But they write....”—Debbie Reynolds

In July 2010, the National Research Council (NRC) appointed the Committee to Review the 21st Century Truck Partnership, Phase 2, to conduct an independent review of the 21st Century Truck Partnership (21CTP). The 21CTP is a cooperative research and development (R&D) partnership including four federal agencies—the U.S. Department of Energy (DOE), U.S. Department of Transportation (DOT), U.S. Department of Defense (DOD), and the U.S. Environmental Protection Agency (EPA)—and 15 industrial partners. The purpose of this Partnership is to reduce fuel consumption and emissions, increase heavy-duty vehicle safety, and support research, development, and demonstration to initiate commercially viable products and systems. This is the NRC's second report on the topic and it includes the committee's review of the Partnership as a whole, its major areas of focus, 21CTP's management and priority setting, efficient
