freelander 2.0 diesel with the l series engine, the alternator has just cooked the battery, I've changed the fuses it blew and checked the relays, it now will start and run for a few seconds then stops, I'm not getting the glow plug light on the dash and can't hear the electric fuel pump running on the side of the injection pump,

The Land Rover Freelander is a three- or five-door, five passenger, compact sport utility vehicle (SUV), that was manufactured and marketed by Land Rover for two decades, in both two-wheel and four-wheel drive versions, across two generations, from 1997 to 2015. The second generation was sold from 2007–2015 in North America and The Middle East as the LR2 and in Europe as the Freelander 2.
