Lancastrians to Tudors

1450 (2nd May) William de la Pole, Duke of Suffolk, Henry's chief minister, was accused and found guilty of treason. He was pardoned by the King and sent into exile but he was murdered on his way to his ship. Suffolk's death meant there were only two descendants of the Plantagenet line and both wanted positions in the country.

Lancastrians to Tudors : Andrew Pickering : 9780521557467

Lancastrian cognatic descent—from John of Gaunt and Blanche of Lancaster's daughter Phillipa—continued in the royal houses of Spain and Portugal (whence known in Portuguese as Casa de Lencastre) while the Lancastrian political cause was maintained by Henry Tudor—a relatively unknown scion of the Beauforts—eventually leading to the establishment of the House of Tudor. The Lancastrians left a legacy through the patronage of the arts, most notably in founding Eton College and King's ...

The Wars of the Roses and the struggle for the throne between the Houses of York and Lancaster dominate the turbulent history of the latter half of the fifteenth century. Andrew Pickering addresses the issues critical to the study of this period, and analyses the historical debates surrounding the characters and events. The text also includes a document study section which offers readers the opportunity to examine a diverse set of written and visual sources. The result is a stimulating foundation text for all Advanced Subsidiary (AS) students, as well as for undergraduates needing an introduction to the period. 'Lancastrians to Tudors' is part of the Cambridge Perspectives in History series. It meets the requirements of the new OCR AS level specifications and is endorsed by OCR.

"The Wars of the Roses were a series of dynastic wars fought between supporters of two rival branches of the royal House of Plantagenet: the houses of Lancaster and York (whose heraldic symbols were the red and the white rose, respectively) for the throne of England. They were fought in several sporadic episodes between 1455 and 1485, although there was related fighting both before and after this period. They resulted from the social and financial troubles following the Hundred Years' War. The final victory went to a relatively remote Lancastrian claimant, Henry Tudor, who defeated the last Yorkist king Richard III and married Edward IV's daughter Elizabeth of York to unite the two houses. The House of Tudor subsequently ruled England and Wales for 117 years."--Wikipedia.

This is an OCR endorsed resource Build strong subject knowledge and skills in A Level History using the in-depth analysis and structured support in this tailor-made series for OCR's British period studies and enquiries. - Develops the analytical skills required to succeed in the period study by organising the narrative content around the key issues for students to explore - Enhances understanding of the chosen historical period, supplying a wealth of extracts and sources that offer opportunities to practise the evaluative skills needed for the enquiry - Progressively improves study skills through developmental activities and advice on answering practice exam questions - Helps students to review, revise and reflect on the course material through chapter summaries and revision activities that consolidate topic knowledge - Equips students with transferable critical thinking skills, presenting contrasting academic opinions that encourage A Level historians to make informed judgements on major debates Each title in the OCR A Level History series contains one or two British period studies and its associated enquiry, providing complete support for every option in Unit Group 1. England 1445-1509: Lancastrians, Yorkists and Henry VII This title explores the reigns of the English Kings from Henry VI to Henry VII. It allows an in-depth understanding of the key historical knowledge, terms and concepts relevant to 'England 1461-1509' and encourages the critical use of evidence in investigating and assessing historical questions in the associated enquiry: 'Wars of the Roses 1445-1461'. This title covers the following period study and enquiry: - Wars of the Roses 1445-1461 - England 1461-1509

The history of international relations and warfare of early modern Europe has gained popularity in recent years. This bibliography provides a valuable listing of books, dissertations, and journal articles in the English language for scholars and general readers interested in diplomatic relations and warfare from the Hundred Years' War to the Napoleonic Wars.

This title was first published in 2002: This collection of essays is based on papers delivered at a conference held at the Public Record Office in November 1999. The purpose of the book is to highlight the close links between England and France and the role of England and Englishmen in Renaissance Europe. It provides a statement of current research by the leading scholars in that field and should serve as a basis both for teaching and for further work. It is necessary to fill the gap that exists in the history of this period, which is currently concentrated in narrative, diplomatic history or general surveys of the role of England in Europe. This coherent set of essays, built around complementary themes, and with the addition of a historiographical and thematic introduction, focuses solely on England and France in the period after the end of the Hundred Years War and before the onset of French Wars of Religion.

An authoritative and extensive resource for British and Irish history Quickly access basic information on the history of the British Isles from this reliable resource. A Dictionary of British and Irish History provides concise information covering all periods of prehistory and history for every part of the British Isles. Further, anyone wanting to establish the basics of the history of the British Isles will find this a valuable addition to their library.

Enquiring History: It makes you think! The OFSTED report on school history suggests that the current generation of A Level students have been poorly served by exam-based textbooks which spoon-feed students while failing to enthuse them or develop deeper understandings of studying History. The Schools History Project has risen to this challenge with a new series for the next generation. Enquiring History is SHP's fresh approach to Advanced Level History that aims: - To motivate and engage readers - To help readers think and gain independence as learners - To encourage enquiry, and deeper

Download Free Lancastrians To Tudors England 1450 1509 Cambridge Perspectives In History

understanding of periods and the people of the past - To engage with current scholarship - To prepare A Level students for university Key features of each Student book - Clear compelling narrative - books are designed to be read cover to cover - Structured enquiries - that explore the core content and issues of each period - Feature panels between enquiries provide context, overview, and extension - Full colour illustrations throughout This volume The Wars of the Roses covers the political history of England from 1450-1485. The content is gathered into ten discrete enquiries (for example - Why was London full of rebels in 1450? - Was Edward IV a success second time round? - How certain can we be about why Richard III took the crown?) which together help examine the fundamental paradox of this period: People at the time did not want civil war, and for the nobles loyalty to the monarch was all important...yet wars happened and kings were deposed. So the central question is If loyalty was so important and people in England did not want civil war, why did the Wars of the Roses happen? A question worth answering! Web-based support includes - lesson planning tools and activities for teachers - Dynamic eBooks for whole class teaching or individual student reading - Exam advice for each specification Check out this sample chapter to see what you're missing.

The Wars of the Roses, which tore apart the ruling Plantagenet family in fifteenth-century England, was truly a domestic drama, as fraught and intimate as any family feud before or since. But as acclaimed historian Sarah Gristwood reveals, while the events of this turbulent time are usually described in terms of the men who fought and died seeking the throne, a handful of powerful women would prove just as decisive as their kinfolks' clashing armies. A richly drawn, absorbing epic, *Blood Sisters* reveals how women helped to end the Wars of the Roses, paving the way for the Tudor age—and the creation of modern England.
