When the war ended on August 15, 1945, I was a naval engineering cadet at the Kure Navy Yard near Hiroshima, Japan. A week later, I was demobilized and returned to my home in Tokyo, fortunate not to find it ravaged by

firebombing. At the beginning of September, a large contingent of the American occupation forces led by General Douglas MacArthur moved its base from Yokohama to Tokyo. Near my home I watched a procession of American military motor vehicles snaking along Highway 1. This truly awe-inspiring cavalcade included jeeps, two-and-a-half-ton trucks, and enormous trailers mounted with tanks and artillery. At the time, I was a 21-year-old student in the Machinery Section of Engineering at the Tokyo Imperial University. Watching that magnificent parade of military vehicles, I was more than impressed by the gap in industrial strength between Japan and the U. S. That realization led me to devote my whole life to the development of the Japanese auto industry. I wrote a small article concerning this incident in Nikkei Sangyo

Playing Shakespeare is the premier guide to understanding and appreciating the mastery of the world's greatest playwright. Together with Royal Shakespeare Company actors—among them Patrick Stewart, Judi Dench, Ian McKellen, Ben Kingsley, and David Suchet—John Barton demonstrates how to adapt Elizabethan theater for the modern stage. The director begins by explicating

Shakespeare's verse and prose, speeches and soliloquies, and naturalistic and heightened language to discover the essence of his characters. In the second section, Barton and the actors explore nuance in Shakespearean theater, from evoking irony and ambiguity and striking the delicate balance of passion and profound intellectual thought, to finding new approaches to playing Shakespeare's most controversial creation, Shylock, from *The Merchant of Venice*. A practical and essential guide, *Playing Shakespeare* will stand for years as the authoritative favorite among actors, scholars, teachers, and students.

Memory of Treesis a multigenerational story of Gayla Marty's family farm near Rush City, Minnesota. Cleared from woodlands by her great-grandfather Jacob in the 1880s, the farm passed to her father, Gordon, and his brother, Gaylon. Hewing to a conservative Swedish Baptist faith, the two brothers worked the farm, raising their families in side-by-side houses. As the years go by, the families grow—and slowly grow apart. Uncle Gaylon, more doctrinaire in his faith, rails against the permissiveness of Gayla's parents. Financial tensions arise as well when the farm economy weakens and none of the children is willing or able to take over. Gayla is

encouraged to leave for college, international travel, and city life, but the farm remains essential to her sense of self, even after the family decides to sell the land. When Gaylon has an accident on a tractor, Gayla becomes driven to reconnect with him and to find out why she and her uncle—once so close but now estranged—were the only two members of the family who had resisted selling the land. Guided by vivid images of the farm's many beautiful trees, she pores over sacred and classical works as well as layers of her own memory to understand the forces that have transformed the American landscape and culture in the last half of the twentieth century. Beneath the belief in land as a giver of life and blessing, she discovers a powerful anxiety born of human uprootedness and loss. Movingly written, *Memory of Trees* will resonate for

Katanas clash in CLAMP and Production I.G.'s vampire-battling saga, taking the story right up to events in the feature-length anime film Blood-C: The Last Dark! * Based on CLAMP's original story line and character designs!

On the 1st of April 1945, a Japanese hospital ship that had been given 'safe passage' by the Allies, in the dead of night, was mistaken for a military vessel and torpedoed by the American submarine 'Queenfish.' It sank within minutes taking almost all of the 2007 passengers to their watery graves. This is the gripping story of the Awa Maru, the little known 'Titanic of Japan.' Follow the journey of Kyoko Tanaka, whose parents and brother had been passengers on the Awa Maru as she set sail on her own voyage of discovery. She travels from Japan to Singapore in search of the truth and a 'piece of her history' and makes poignant and touching discoveries of the lives of her parents and some of the other

In this new 276-page book, Bell collaborates with renowned motorsport author Richard Heseltine to give the reader a very personal insight into his experiences racing for the legendary German marque. The approach taken by this latest publication from Porter Press International is to look at every race Bell drove for Porsche, in detail and with revealing comments from the book's subject. Bell's most prestigious victories with Porsche - four of his five in the Le Mans 24 Hours, three in the Daytona 24 Hours, two in the World Sportscar Championship - and many more besides. Bell describes the Porsches he raced, from the fearsome 917 to the iconic 956, 962, and 911. And he shares his thoughts on the now-legendary drivers he raced with, including six-time Le Mans winner Jacky Ickx, the famously flamboyant Hans Stuck, and two immense talents who lost their lives to the sport, Jo Siffert and Stefan Bellof. The overall effect is a fascinating trip back in time to a golden era for Porsche and sports car racing as a whole.
