Vuelve a soñar con la nueva novela de la autora nacional más vendida. Can Drogo, piloto e hijo del dueño de la empresa aeronáutica High Drogo, es un hombre alto, guapo, adinerado, simpático... Puede elegir a la mujer que desee, y aunque disfruta de esa "magia especial" con la que le ha dotado la vida, en su interior siente que todas lo aburren. Por su parte, Sonia Becher es la mayor de cuatro hermanas y la propietaria de una empresa de eventos y de una agencia de modelos. Can ve en ella a una chica divertida, atrevida, sin tabúes, con la que se puede hablar de todo, incluido de sexo, pero poco más, pues considera que no es su tipo. Hasta que un día las sonrisas y las miradas de la joven no van dirigidas a él, y eso, sin saber por qué, comienza a molestarlo. ¿En serio Sonia va a sonreír a otros hombres estando él delante? Sexo. Familia. Diversión. Locura. Todo esto es lo que vas a encontrar en ¿A qué estás esperando?, una novela que te hará ver que, en ocasiones, tu corazón se desboca por quien menos esperas sin que puedas frenarlo.

A horrific crime that defies explanation, a rookie FBI agent in uncharted territory, and an extraordinary hero for the ages: an investigation spirals out of control in this heart-pounding thriller. Odessa Hardwicke's life is derailed when she's forced to turn her gun on her partner, Walt Leppo, a decorated FBI agent who turns suddenly, inexplicably violent while apprehending a rampaging murderer. The shooting, justified by self-defense, shakes the young FBI agent to her core. Devastated, Odessa is placed on desk leave pending a full investigation. But what most troubles Odessa isn't the tragedy itself -- it's the shadowy presence she thought she saw fleeing the deceased agent's body after his death. Questioning her future with the FBI and her sanity, Hardwicke accepts a low-level assignment to clear out the belongings of a retired agent in the New York office. What she finds there will put her on the trail of a mysterious figure named Hugo Blackwood, a man of enormous means who claims to have been alive for centuries, and who is either an unhinged lunatic, or humanity's best and only defense against unspeakable evil. From the authors who brought you *The Strain* Trilogy comes a strange, terrifying, and darkly wondrous world of suspense, mystery, and literary horror. *The Hollow Ones* is a chilling, spell-binding tale, a hauntingly original new fable from Academy Award-winning director Guillermo del Toro and bestselling author Chuck Hogan featuring their most fascinating character yet.

"When a legendary bad boy returns to town, Kate Bloom's ordered world gets turned upside down."--WorldCat.

"Plenty of twists, flashbacks, and a dash of romance keep the suspense high. For anyone looking for a dose of palace intrigue or upper-crust scandal, Riley's latest novel delivers on both counts." —Booklist "Chock full of shocking...this gripping novel is sure to keep Riley's fans and new readers alike turning pages." —Publishers Weekly "Fans of mystery, royal family intrigue, and even romance will enjoy this novel." —Columbia Missourian In this suspenseful and heart-pounding novel from New York Times bestselling author Lucinda Riley, an ambitious young journalist unravels a dangerous mystery that threatens to devastate the British monarchy. Note to readers: In the UK, this book is published under the title *The Love Letter*. Keeping secrets is a dangerous game. When Sir James Harrison, one of the greatest actors of his generation, passes away at the age of ninety-five, he leaves behind not just a heartbroken family but also a secret so shocking, it could rock the English establishment to its core. Joanna Haslam, an up-and-coming reporter, is assigned to cover the legendary actor's funeral, attended by glitzy celebrities of every background. But Joanna stumbles on something dark beneath the glamour: the mention of a letter James Harrison has left behind—the contents of which many have been desperate to keep concealed for over seventy years. As she peels back the veil of lies that has shrouded the secret, she realizes that she's close to uncovering something deadly serious—and the royal family may be implicated. Before long, someone is on her tracks, attempting to prevent her from discovering the truth. And they'll stop at nothing to reach the letter before she does. Full of salacious scandal, shocking twists, and captivating romance, and written in Lucinda Riley's signature "vividly drawn and lushly atmospheric" (RT Book Reviews) prose, *The Royal Secret* is "a full-throttle escapist adventure" (Lancashire Evening Post).

When you're in love with the wrong person for the right reasons, anything could happen. Tretch lives in a very small town where everybody's in everybody else's business. Which makes it hard for him to be in love with his straight best friend. For his part, Matt is completely oblivious to the way Tretch feels – and Tretch can't tell whether that makes it better or worse. The problem with living a lie is that the lie can slowly become your life. For Tretch, the problem isn't just with Matt. His family has no idea who he really is and what he's really thinking. The girl at the local bookstore has no clue how off-base her crush on him is. And the guy at school who's a thorn in Tretch's side doesn't realize how close to the truth he's hitting. Tretch has spent a lot of time dancing alone in his room, but now he's got to step outside his comfort zone and into the wider world. Because like love, a true self can rarely be contained. *Anything Could Happen* is a poignant, hard-hitting exploration of love and friendship, a provocative debut that shows that sometimes we have to let things fall apart before we can make them whole again.

I used to think everything was black and white, truth or lie, easy or hard, that if I could just escape my strict, overbearing, abusive father, my life would be perfect. But since I've found a reason to risk his wrath and leave, to help a friend in need, I've come to realize everything I thought I knew is wrong. Friends have their own agenda, honesty comes with a dosage of lie, easy doesn't even exist, keeping secrets sucks, and love...love is the most painful thing of all. Maybe if Quinn Hamilton hadn't asked me to skip classes for the day and help him pick out an engagement ring for my best friend, I wouldn't have fallen for him so completely on that sunny Tuesday afternoon and I wouldn't feel so conflicted. But I did, and I can't take it back, no matter how hard I try. So I have to deal with the fact that even I'm not as good, or honest, or caring as I'd always thought I was, and no matter what I do next, someone's going to get hurt. Probably me. -Zoey Blakeland
