Applicants practice on the past papers even if they do not take the examination. Advanced Problems in Mathematics bridges the gap between school and university mathematics, and prepares students for an undergraduate mathematics course. The questions analysed in this book are all based on past STEP questions and each question is followed by a comment and a full solution. The comments direct the reader's attention to key points and put the question in its true mathematical context. The solutions point students to the methodology required to

Papers to the twenty-first, *Sisters or Strangers?* explores the complex lives of immigrant, ethnic, and racialized women in Canada. Among the themes examined in this new edition are the intersection of race, crime, and justice, the creation of white settler societies, letters and oral histories, domestic labour, the body, political activism, food studies, gender and ethnic identity, and trauma, violence, and memory. The second edition of this influential essay collection expands its chronological and conceptual scope with fifteen new essays that reflect the latest cutting-edge research

Alex MacLean was the inspiration for the title character in Jack London's bestselling novel *The Sea-Wolf*. Originally from Cape Breton, MacLean sailed to the Pacific side of North America when he was twenty-one and worked there for thirty-five years as a sailor and sealer. His achievements and escapades while in the Victoria fleet
