The new town movement refers to towns that were built in the United Kingdom after World War II and that have been purposefully planned, developed and built as a remedy to overcrowding and congestion in some instances, and to scattered ad hoc settlements in others. The main reason for it was to decongest larger industrialized cities, rehousing people in freshly built, new and fully planned towns that were completely self-sufficient and provided for the community.

New towns movement - Wikipedia

New Towns Building Cities From The new towns in the United Kingdom were planned under the powers of the New Towns Act 1946 and later acts to relocate populations in poor or bombed-out housing following the Second World War.They were developed in three waves. Later developments included the expanded towns:

New cities in the sand: inside Egypt's dream to conquer ...

The Hong Kong government started developing "new towns" in the 1950s to accommodate Hong Kong's booming population. At the first phase of development, the newly developed towns were called "satellite towns", a concept borrowed from the United Kingdom, of which Hong Kong was then still a colony. Kwun Tong, located in eastern Kowloon, and Tsuen Wan, located in the south-west of the New Territories, were designated as the first two satellite towns, when the urban area in Hong Kong was still relativ
