Introduction To

~~Communication~~ is the activity of conveying information. Communication is usually a two-way process. It is not just giving information or signaling someone; it also involves the comprehension of the information or the signal by the receiver. Society moves on human interactions and exchange of ideas, thoughts, and feelings.

Introduction To

~~Communication~~
Effective communication skills are fundamental to good interactions between two or more people. This book, *An Introduction to Communication Skills*, is the first in the series. It starts by explaining more about the theory and nature of communication, then moves on to discuss effective spoken communication, the importance of body language and other aspects of non-verbal communication,
