Endorsed by Amnesty International. Imagine if war broke out - not in Iraq or Afghanistan, somewhere far far away, but here, in our country. In *War*, Janne Teller embarks on a thought-provoking experiment: by simply turning the current crisis on its head, she reveals what it is like to flee your home country, to be exiled, and to fight for survival in a foreign country. In this illustrated short story, Europe has fallen apart and the only place at peace within reach is the Middle East. You follow a normal British family as they flee to the Middle East and see what they go through as refugees, through the eyes of their fourteen-year-old son. Originally published in Denmark in 2001, *War* has become more and more relevant and thought-provoking in the intervening years. In addition to the striking format and illustrations, what makes this book so special is that Janne Teller adapts the story for each country in which it is published.

The most powerful autobiographical novel written about the Yugoslav wars. A timely and deeply accessible book that speaks to what it is like to be displaced by war. *Hotel Tito* is an award-winning autobiographical novel of the Serbo-Croatian War. Author Ivana Bodrožić was born in the Croatian town of Vukovar, just across the Danube from Serbia. In the fall of 1991, Vukovar was besieged by the Yugoslav People's Army for eighty-seven days. When the army broke the siege, people came up out of the basements where they'd been sheltering from bombardment; women and children were allowed out of the besieged city, but the army bused 400 men from the hospital to a farm on the outskirts where soldiers and Serbian paramilitaries massacred them. Bodrožić's father was among those taken and murdered. In *Hotel Tito*, after fleeing the war zone their town has become, the mother and two children are housed along with other displaced persons at a former communist school in the village of Kumrovec (the birthplace of Josip Tito). For years they share a single room just large enough for their three beds, waiting to hear whether the narrator's father survived and when they'll be granted an apartment of their own. In the meantime life goes on for the teenage protagonist, first loves bloom and burn quickly, new friendships are acquired and lost, new truths emerge, and new emotions. But she never loses her shy, insightful voice, nor her self-deprecating sense of humor. *Hotel Tito* is a sensitive and forthright coming of age novel in a time of atrocity and loss.
