The critical approach to organizational communication defines that organizations are locations of domination, with power and control as central. It is based on the idea that power is not equally...

The Critical Approach to Organizations & Communication ...
4 PART I DEVELOPING A CRITICAL APPROACH TO ORGANIZATIONAL COMMUNICATION In part, we will be exploring different theories and management perspectives and discuss - ing their strengths and limitations, similarities and differences. But each perspective is more than just an abstract theory that has little to do with the "real world." In many ways,

Developing a Critical Approach to Organizational Communication
The term "critical approach" refers to a broad, interdisciplinary body of theory and research that conceives of organizations as dynamic sites of control and resistance. "Critical studies" covers several distinct yet related intellectual traditions, each of which examines the communicative practices through which control and resistance are produced, reproduced, and transformed in the process of organizing.

The critical approach to studying and understanding organizational communication are nested in the idea that power is not equally distributed. This imbalance of power creates a hierarchy that can be seen in both society as a whole and in the workplace.

Chapter 2: The Critical Approach – Organizational ...
Using a critical theoretical approach, this article analyzes conceptualizations of organizational communication failures. Perhaps because interpretations of communication failures have been dominated by a social psychological perspective, these reveal an unargued acceptance of communication failures as a consequence of hierarchical design with no alternatives presented or analyzed.
