A coloring book with original images of popular houseplants. Each image includes basic information about care and feeding of the plant depicted. Images suitable for coloring by adults or older children.

BEWARE! Even horticulture has a dark side. Amy Stewart and Briony Morrow-Cribbs offer up 40 menacing plants in gorgeous, vintage-style botanical illustrations to color. Drawing on history, medicine, science, and legend, each wonderfully creepy spread offers the curious stories of these botanical evildoers, from the vine that ate the South to the weed that killed Lincoln's mother to the world's deadliest seed. For gardening die-hards, each plant's family, habitat, and common names are also listed. Based on the New York Times bestseller *Wicked Plants*. www.wickedplants.com

Slow down and let your imagination take root as you explore a new world of flowers and gardens and bring them to life with color! Artist Sarah Simon, of @themintgardener, weaves a beautiful floral theme through the pages using her favorite illustrated character, Florence the "Plant Lady." Follow along as the Plant Lady guides you on a creative journey to savor the sweet moments of nature. Wander from scenes of a book nook filled with plants to a hiking trail in the Pacific Northwest and explore gardens filled with everything from sunflowers to artichokes. If you love flowers, plants, and pausing to appreciate the beauty and wonder of the natural world, then you'll enjoy getting creative with *The Plant Lady!* The Plant Lady features:

- Over 80 illustrated pages featuring beautiful blooms, bouquets, plants, leaves, and more
- Images printed on thick, premium quality paper--ideal for all kinds of coloring tools
- Perforated, removable pages--frame your art after you've finished coloring!
- A beautiful cover that will look perfect on your bookshelf or coffee table

Forty-four accurate and ready-to-color drawings of foxglove, belladonna, mayapple, valerian, dandelion, chamomile, many other plants with curative properties. Captions give description, distribution, medicinal uses, more. Illustrations royalty-free.

Each letter of the alphabet has a page to itself, where you must find and color a host of living things. 26 plates. Captions. Solutions.

Forty-four excellent illustrations of islands' characteristic flora and fauna: mango, breadfruit, prickly poppy, tree fern, pineapple, slipper lobster, damselfly, cone-headed grasshopper, house gecko, much else. Captions.

Embrace the mindful coloring trend with this adorable pot plant coloring book. Great for kids, teens and grown ups to explore the world of art and unleash their creative side. The 25 kawaii line drawings feature shelves of houseplants in pots, cacti in the desert, smiling flowers and much more. Printed single sided, with an accompanying 'scribble page' on the back of each page, designed so that you can test out your colors, prevent colors bleeding through from the previous page, cut out and frame your finished pieces, try sketching the designs yourself to practice your art skills, or even tear out the pages to trace onto watercolor paper and try painting the designs instead. Tip: If you don't have a light box or tracing paper handy, we recommend holding your paper on a brightly lit window! A lovely small gift, secret Santa, or stocking filler idea for botanical lovers, coloring fanatics, or anyone who needs to take a little self care time to relax and unwind. Time to stock up on those green pencils!

Are you looking for a beautiful flower and botanical coloring book for stress relief? If your answer is YES, this Adult Flower and Botanical Coloring Book is for you! Over 40 carefully drawn, accurate illustrations depict salt-marsh environment typical of Northeast U.S. and Canada. Detailed renderings of clam worm, marsh periwinkle, clapper rail, American eel, marsh hawk, snowy egret, raccoon, many others. Descriptive captions complete this informative introduction to ecologically important breeding and foraging areas.

Featuring 50 houseplants that you can color using your favorite coloring tools. Each plant is line traced from one of Crazy Plant Guy's actual houseplant, giving you the opportunity to create colorful art pieces that would look great in a frame. Each page also includes an interactive QR code that you can scan using your mobile phone, with the QR code taking you to the actual picture of that houseplant that you use as a color guide. It will also include information about the houseplant and how to care for it. This coloring book was designed to be relaxing, fun, interactive and educational. Perfect for any plant lovers or those just starting their houseplant journey. A great gift to yourself or for a loved one.
