“A page-turner that combines genuine intrigue with heartbreak and desire.” —Holly Goldberg Sloan, New York Times bestselling author of Counting by 7s Part mystery, part love story, and part coming-of-age tale in the vein of Thirteen Reasons Why, The Perks of Being a Wallflower, and The Spectacular Now, Michelle Falkoff’s debut is an honest and gut-wrenching novel about loss, rage, what if feels like to outgrow a friendship that’s always defined you—and the struggle to redefine yourself. There was a party. There was a fight. The next morning, Sam’s best friend, Hayden, was dead. And all he left Sam was a playlist of songs and a suicide note: For Sam—listen and you’ll understand. To figure out what happened, Sam has to rely on the playlist and his own memory. But the more he listens, the more he realizes that his memory isn’t as reliable as he thought. And it might only be by taking out his earbuds and opening his eyes to the people around him that he’ll finally be able to piece together his best friend’s story. A guide to music provides recommendations on one thousand recordings that represent the best in such genres as classical, jazz, rock, pop, blues, country, folk, musicals, hip-hop, and opera, with listening notes, commentary, and anecdotes about performers

From the author of The Five People You Meet in Heaven and Tuesdays with Morrie, a new novel that millions of fans have been waiting for: "Every family is a ghost story . . ." This is the story of Charley, a child of divorce who is always forced to choose between his mother and his father. He grows into a man and starts a family of his own. But one fateful weekend, he leaves his mother to secretly be with his father—and she dies while he is gone. This haunts him for years. It unravels his own young family. It leads him to depression and drunkenness. One night, he decides to take his life. But somewhere between this world and the next, he encounters his mother again, in their hometown, and gets to spend one last day with her—the day he missed and always wished he'd had. He asks the questions many of us yearn to ask, the questions we never ask while our parents are alive. By the end of this magical day, Charley discovers how little he really knew about his mother, the secret of how her love saved their family, and how deeply he wants the second chance to save his own.

Ask the gangsta rap devotee. Ask the grizzled blues fanatic and the bearded folk fan. Ask the goth and the indie kid. Ask and they will all tell you the same thing: death and popular music have forever danced hand-in-hand in funereal waltz time. The pop charts and the majority of radio stations' playlists may conspire to convince anyone listening that the world spins on its axis to the tune of "I love you, you love me" and traditional matters of the heart. The rest of us know that we live in a world where red roses will one day become lilies and that death is the motor that drives the greatest and most exhilarating music of all. "Death music" is not merely a byword for bookish solemnity, or the glorification of murder, drugs and guns. Over the course of the last hundred years it has also been about teenage girls weeping over their high school boyfriend's fatal car wreck; natural disasters sweeping whole communities away; the ever-evolving threat of disease; changing attitudes to old age; exhortations to suicide; the perfect playlist for a funeral; and the thorny question of what happens after the fat lady ceases to sing. Which means that for every "Black Angel's Death Song" there is a "Candle in the Wind," and for every "Cop Killer" there is "The Living Years." Death, like music, is a unifying force. There is something for every taste and inclination, from murderous vengeance to camp sentimentality and everything in between. Drawing upon original and unique interviews with artists such as Mick Jagger, Richard Thompson, Ice-T, Will Oldham and Neil Finn among many others, I Shot a Man In Reno explores how popular music deals with death, and how it documents the changing reality of what death means as one grows older. It's as transfixing as a train wreck, and you won't be able to put it down. as an epilogue, I Shot A Man In Reno presents the reader with the 40 greatest death songs of all time, complete with a brief rationale for each, acting as a primer for the morbidly curious listener.
