To a non-physicist, it seems for all the world that the shade from trees could be transformational for the issue of a heating climate. When we’re walking along a baking hot road in the summer mid-day ...

Energy Matters: Trees

Climatologists predict an increase in wayward icebergs as warming seas weaken glaciers. A new analysis shows how they threaten penguin survival.

How One Clash With an Iceberg Threw an Emperor Penguin Colony into Disarray

As the world speeds toward a hotter, more volatile future, crops such as brassicas—as well as corn, wheat, and other crops that underpin global food ... to feed a hungry, climate-stressed ...

Answers to these botanical mysteries could help a climate-stressed world

The recently formed Caltech Center for Comparative Planetary Evolution, or CCPE, brings together experts from an array of different fields to study how planetary systems work, according to the ...

Caltech's Center for Comparative Planetary Evolution Looks to the Sky For Answers About Earth

Are we alone in the universe? So far, the only life we know of is right here on Earth. But here at NASA, we’re looking. NASA is exploring the solar system and beyond to help us answer fundamental ...

Are We Alone in the Universe? NASA's Search for Life in the Solar System and Beyond

That’s the challenge Benjamin Sulman faces as an Earth system modeler at the Department of Energy’s Oak Ridge National Laboratory. Using mathematics and programming, Sulman creates computational ...

Benjamin Sulman: Building better Earth system models

In response, global corn prices have continued to climb ... Based on conventional wisdom, the answer would likely be no. However, the world as we knew it is changing quickly. We live in a ...

Will China's Appetite For Corn And Soybeans Ever End?

Climate change is a clear and present danger to the persistence of coral reefs, and global reductions in carbon ... and you work with us to find the answers. Here’s how it works: You share ...

Managing Local Conditions Could Help Coral Reefs Persevere in Face of Climate Crisis

Science agencies such as ARPA-Health hope to replicate the success of the US Defense Advanced Research Projects Agency, but researchers question whether they will thrive.

The rise of 'ARPA-everything' and what it means for science

Much of that can be blamed on the pandemic of misinformation—concerning climate change ... Yet if you wanted to elicit the most tortured answer in the world, you might ask something incredibly ...

As Climate Change Fries the World, Social Media Is Frying Our Brains

Omar Akbari, an associate professor of cell and developmental biology at the University of California – San Diego, admits he loses sleep thinking about the next pandemic – and how ...

Opinion: COVID isn't spread by mosquitoes. But the next pandemic might be

What’s important is that, even with all these different variables, climate scientists’ answers to the various ... to Disturbance and Drought.” Global Change Biology, vol. 17, no. 3, 2011, pp.

What Is Climate Sensitivity? Definition and Examples

The question we were trying to answer was, “What can we infer about ... We’re definitely in that position with global climate change. We’ve got better models than we did 20 years ago ...

Why some biologists and ecologists think social media is a risk to humanity

Our need to understand the cause or reason for dramatic, natural events is a very ancient and uniquely human urge. Professor Sir Mel Greaves explores the dilemma between our instinctive desire for ...

Complexity of cause in cancer: or why the frogs jump

Students will now have access to new videos focused around a particular phenomenon, such as global climate change and forest fires ... students are guided on how to begin to gather data firsthand to ...

Film Scientific Updates Science2Go to Further Engage High School Students in Science Exploration

Just as you have a microbiome, the soil beneath your feet has one too. And promising new research suggests it may have a surprising influence on food and human wellness.

Cultivating Better Health
