Predicciones ecológicas (Eco-Predictions) tells the tale of two different ecosystems in decline. Students will develop content-area literacy in mathematics, life science, and ecology as they build their reading skills. Used in the classroom or at home, this Spanish resource includes mathematical charts and diagrams to teach students how to analyze data to solve problems. Text features include a glossary, an index, engaging images, and easy-to-read text to direct students back to the text for multiple readings.

Koreana, revista trimestral a todo color publicada desde 1987, está dedicada a divulgar el patrimonio cultural de Corea y a ofrecer información sobre las últimas tendencias artísticas y culturales. Cada ejemplar ofrece un análisis en profundidad de varios aspectos de un tema específico y también presenta a los artesanos tradicionales, los estilos de vida y las atracciones naturales del país, aparte de otros asuntos relacionados.

This comprehensive handbook provides a unique overview of the theory, methodologies and best practices in climate change communication from around the world. It fosters the exchange of information, ideas and experience gained in the execution of successful projects and initiatives, and discusses novel methodological approaches aimed at promoting a better understanding of climate change adaptation. Addressing a gap in the literature on climate change communication and pursuing an integrated approach, the handbook documents and disseminates the wealth of experience currently available in this field. Volume 3 of the handbook provides case studies from around the world, documenting and disseminating the wealth of experiences available.

Introduces some of the most dangerous animals on Earth, describing the physical characteristics and behavior that makes them deadly, including such creatures as saltwater crocodiles, poison dart frogs, box jellyfish, and scorpions.

Intelligent algorithms are already well on their way to making white collar jobs obsolete: travel agents, data-analysts, and paralegals are currently in the firing line. In the near future, doctors, taxi-drivers and ironically even computer programmers are poised to be replaced by 'robots'. Without a radical reassessment of our economic and political structures, we risk the very implosion of the capitalist economy itself. In *The Rise of the Robots*, technology expert Martin Ford systematically outlines the achievements of artificial intelligence and uses a wealth of economic data to illustrate the terrifying societal implications. From health and education to finance and technology, his warning is stark – all jobs that are on some level routine are likely to eventually be automated, resulting in the death of traditional careers and a hollowed-out middle class. The robots are coming and we have to decide – now – whether the future will bring prosperity or catastrophe.

An occult classic by Cheiro. In this book, Cheiro discuss his celebrated technique of palm readings.

¿Que sucedería si Dios estuviera constantemente lanzando señales de humo para llamar nuestra atención? ¿Que pasaría si hubiera un Principio Organizador Supremo con un sentido del humor muy particular? ¿Y que tal si cada uno de nosotros tuviera un ardiente amante interior que nos estuviera escribiendo cartas de amor todos los días? Tras treinta años de dar consultas y consejos a miles de personas del mundo entero, Tosha Silver recoge en este libro las preocupaciones recurrentes que a todos nos atanen: “¿Cómo dejo de preocuparme?”, “¿Cómo puedo sentirme seguro?”, “Por que me siento tan solo?” Y la mas habitual: “¿Quién soy realmente?” Tanto para el apasionado espiritual como para el esceptico convencido, la autora ha escrito este hermoso libro que esta lleno de sabiduria y perspectivas frescas que nos ayudan a confiar en un Plan Divino y a descubrir las respuestas a las grandes preguntas sobre la vida. Abrete a lo inosperado descubre la puerta a una profunda verdad: si permitimos que el orden Divino nos guie, podremos soltar las cargas de nuestros hombros, abandonar los miedos y renunciar a las opiniones de los demas. Aprenderemos a ser llevados a actuar de la manera justa, en el momento adecuado, y disfrutaremos de las maravillosa obra que es nuestra vida.

El 10 de diciembre de 2009 me ingresaron en el hospital por un dolor abdominal. Tras varios exámenes, los médicos me diagnosticaron una

pancreatitis. Sin embargo, estando aun en Emergencias, un dolor terrible se apodero de mi de tal modo que perdí la conciencia. Una de las enfermeras intento reanimarme sin éxito, por lo que se vio obligada a declarar el Código Azul, el máximo nivel de emergencia hospitalaria. De los frenéticos minutos que transcurrieron entre mi muerte y el momento en que los médicos lograron devolverme a la vida, solo recuerdo que me fui quedando dormida, que luego desperté en el cielo y que estuve con Dios. —CRYSTAL McVEA Por la mayoría de su vida fracturada, Crystal se sentía completamente fuera del alcance de Dios—si Dios realmente existía. Entonces vino el 10 de diciembre—y los nueve minutos que cambiaron su vida para siempre. Despertar en el cielo invita a los lectores a un viaje espiritual de la mano de Crystal a través de los nueve minutos que cambiaron su vida para siempre. Este testimonio extraordinario es un recuento sobre la fuerza del amor y el poder curativo de la presencia de Dios.

A fresh and acclaimed account of the Spanish Civil War by the bestselling author of Stalingrad and The Battle of Arnhem To mark the 70th anniversary of the Spanish Civil War's outbreak, Antony Beevor has written a completely updated and revised account of one of the most bitter and hard-fought wars of the twentieth century. With new material gleaned from the Russian archives and numerous other sources, this brisk and accessible book (Spain's #1 bestseller for twelve weeks), provides a balanced and penetrating perspective, explaining the tensions that led to this terrible overture to World War II and affording new insights into the war-its causes, course, and consequences.

A Newbery Honor WinnerA New York Times Bestseller This stunning fantasy inspired by Chinese folklore is a companion novel to Starry River of the Sky and the New York Times bestselling and National Book Award finalist When the Sea Turned to Silver In the valley of Fruitless mountain, a young girl named Minli lives in a ramshackle hut with her parents. In the evenings, her father regales her with old folktales of the Jade Dragon and the Old Man on the Moon, who knows the answers to all of life's questions. Inspired by these stories, Minli sets off on an extraordinary journey to find the Old Man on the Moon to ask him how she can change her family's fortune. She encounters an assorted cast of characters and magical creatures along the way, including a dragon who accompanies her on her quest for the ultimate answer. Grace Lin, author of the beloved Year of the Dog and Year of the Rat returns with a wondrous story of adventure, faith, and friendship. A fantasy crossed with Chinese folklore, Where the Mountain Meets the Moon is a timeless story reminiscent of The Wizard of Oz and Kelly Barnhill's The Girl Who Drank the Moon. Her beautiful illustrations, printed in full-color, accompany the text throughout. Once again, she has created a charming, engaging book for young readers.
