trust in love.

New from Best-Selling Author John Piper From Genesis to Revelation, the providence of God directs the entire course of redemptive history. Providence is "God's purposeful sovereignty." Its extent reaches down to the flight of electrons, up to the movements of galaxies, and into the heart of man. Its nature is wise and just and good. And its goal is the Christ-exalting glorification of God through the gladness of a redeemed people in a new world. Drawing on a lifetime of theological reflection,

biblical study, and practical ministry, pastor and author John Piper leads us on a stunning tour of the sightings of God's providence—from Genesis to Revelation—to discover the all-encompassing reality of God's purposeful sovereignty over all of creation and all of history. Piper invites us to experience the profound effects of knowing the God of all-pervasive providence: the intensifying of true worship, the solidifying of wavering conviction, the strengthening of embattled faith, the toughening of joyful courage, and the advance of God's mission in this world.

## Providence

States continued to ask how best to expand trade with the region and whether to partner with China, at the center of the continent, or Japan, looking toward the Pacific. Where should the United States draw its defensive line, and how should it export democratic principles? In a history that spans the eighteenth century to the present, Michael J. Green follows the development of U.S. strategic thinking toward East Asia, identifying recurring themes in American statecraft that reflect the nation's political philosophy and material realities. Drawing on

## Providence

archives, interviews, and his own experience in the Pentagon and White House, Green finds one overarching concern driving U.S. policy toward East Asia: a fear that a rival power might use the Pacific to isolate and threaten the United States and prevent the ocean from becoming a conduit for the westward free flow of trade, values, and forward defense. By More Than Providence works through these problems from the perspective of history's major strategists and statesmen, from Thomas Jefferson to Alfred Thayer Mahan and Henry Kissinger. It records the fate of their ideas as they collided with
