overview of what Theories and Practice of Public Administration is all about. It equally provides you with the necessary information on the organization and

COURSE GUIDE

The classical definition Throughout the 20th century the study and practice of public administration was essentially pragmatic and normative rather than theoretical and value free. This may explain why public administration, unlike some social sciences, developed without much concern about an encompassing theory.

Public administration -

Online Library Public Administration Theory And

Principles of public ...

Like any other field of social sciences, the development of Public Administration as a study and also, as a practice is a response to evolving social contexts. As it is an eclectic field of study, it has adapted its key concepts and theories predominant in that period of time from the other fields of study. Thus, one can look at its development by identifying key concepts of economic, sociological and other studies that have contributed to how it is today.
