Have a Little Faith is a 2009 non-fiction book by Mitch Albom, author of previous works that include Tuesdays with Morrie and The Five People You Meet in Heaven. It is based on two separate sets of conversations that took place between the author and members of the clergy: a rabbi in a relatively affluent section of New Jersey, and a Protestant minister in a very poor section of Detroit, Michigan

In the ruins of once-mighty Ephesus, site of the Temple of Artemis, a twenty-first century archeological team discovers the earliest known papyrus of the Gospel According to Mark. Sealed with it are instructions for a woman's burial, signed "The Rabbi's Daughter." The Rabbi's Daughter is an historical novel that takes us back to the years of Emperor Nero. Peter and Paul have been executed in Rome. The Community of Jesus' Way is struggling. With the help of his cousin Barnabas, Mark is compiling an account of the good news of Jesus. The two men come to Ephesus to interview Mary, who lives in the hills above the metropolis. They say their mission is to discover details about Jesus' early life. But soon it becomes apparent that their visit may have a very different purpose. The Rabbi's Daughter will give all readers a new appreciation and understanding of Mary, an extraordinary woman.

The acclaimed novel of Jewish immigrant life on New York City's Lower East Side from the literary phenomenon known as the "Cinderella of the Tenements." It is Manhattan in the 1920s, and the Polish American Smolinsky family struggles to survive in their home on Hester Street. At ten years old, Sara, the youngest daughter, is keenly aware of the family's precarious financial situation. With food scarce,

her unemployed and domineering father, a rabbi who spends his days studying, depends on the wages of his daughters. After years of watching him destroy the hopes and dreams of her three older sisters, Sara runs away, but forging a life for herself is not easy. She faces obstacles due to her background and gender, while working long days in a laundry and studying to become a teacher at night. Constantly rising above her circumstances—and her father’s grasping reach—Sara finally finds happiness and love. Written in 1925 by Jewish American novelist Anzia Yezierska, *Bread Givers* describes “the emotional tone of an immigrant family in the dismal tenement of an overcrowded block of the east side of New York. It is a complex mood of grave joy and bottomless anguish, of Old World standards and New World values of hope and struggle and defeat and achievement” (*The New York Times*). “Paints real trials—and triumph—of immigrant women . . . The story of Sara’s lonely struggles in an unforgiving world is a classic one. More than eight decades since its publication, this novel is a gem in Jewish-American literature.” —*The Pittsburgh Jewish Chronicle*

This book sheds an interdisciplinary light on ‘transforming bodies’: bodies that have been subjected to, contributed to, or have resisted social transformations within religious or secular contexts in contemporary Europe. It explores the intersections of race, ethnicity, gender, sexuality and religion that underpin embodied transformations. Using post-secularist, postcolonial and gender/queer perspectives, it aims to gain a better understanding of the orchestrations and effects of larger social transitions related to religion. This volume is the outcome of the intensive collaboration of the authors, who for years have been meeting regularly in Utrecht, the Netherlands, to discuss themes related to religion and ‘the challenge of difference’, with an added afterword by Prof. Pamela Klassen from the University of Toronto. The book is divided in three subsections that focus on particular types of embodiment: body politics in governmental and NGO organisations; the role of the body in literary and/or autobiographical narratives; and ethnographic case studies of bodies in daily life. Doing so, it provides an innovative exploration of contemporary religion and the body. It will, therefore, be of great interest to scholars of Religious Studies, Gender and Sexuality Studies, Post-Colonial Studies, Anthropology, Sociology, Theology, and Philosophy.

NEW YORK TIMES BESTSELLER * LONGLISTED FOR THE ANDREW CARNEGIE MEDAL On the brink of World War II, with the Nazis tightening their grip on Berlin, a mother’s act of courage and love offers her daughter a chance of survival. “[A] hymn to the power of resistance, perseverance, and enduring love in dark times...gravely beautiful...Hoffman the storyteller continues to dazzle.” —**THE NEW YORK TIMES BOOK REVIEW** At the time when the world changed, Hanni Kohn knows she must send her twelve-year-old daughter away to save her from the Nazi regime. Her desperation leads her to Ettie, the daughter of a rabbi whose years spent eavesdropping on her father enables her to create a mystical Jewish creature, a rare and unusual golem, who is sworn to protect Hanni’s daughter, Lea. Once Ava is brought to life, she and Lea and Ettie become eternally entwined, their paths fated to cross, their fortunes linked. What does it mean to lose your mother? How much can one person sacrifice for love? In a world where evil can be found at every turn, we meet remarkable characters that take us on a stunning journey of loss and resistance, the fantastical and the mortal, in a place where all roads lead past the Angel of Death and love is never-ending.

The New York Times–bestselling novel that follows the life and career of a rabbi as he journeys through America: “A rewarding reading experience.” —*Los Angeles Times* Michael Kind is raised in the Jewish cauldron of 1920s New York, familiar with the stresses and materialism of metropolitan life. Turning to the ancient set of ethics of his Orthodox grandfather, with a modern twist, he becomes a Reform rabbi. As insecure and sexually needy as any other young male, he serves as a circuit-rider rabbi in the Ozarks, and then as a temple rabbi in the racially ugly South, in a San Francisco suburb, in a Pennsylvania college town, and finally, in a New England community west of Boston. Along the way he falls deeply in love with and marries the daughter of a Congregational minister; she converts to Judaism and they

have two complex, interesting children. Noah Gordon's picture of a brilliant and talented religious counselor—who at times is as bereft and uncertain as any of his congregants—is a deeply moving and very satisfying novel.

“In *The Third Daughter*, Talia Carner ably illuminates a little-known piece of history: the sex trafficking of young women from Russia to South America in the late 19th century. Thoroughly researched and vividly rendered, this is an important and unforgettable story of exploitation and empowerment that will leave you both shaken and inspired.” —Pam Jenoff, *New York Times* bestselling author of *The Lost Girls of Paris*

The turn of the 20th century finds fourteen-year-old Batya in the Russian countryside, fleeing with her family endless pogroms. Desperate, her father leaps at the opportunity to marry Batya to a worldly, wealthy stranger who can guarantee his daughter an easy life and passage to America. Feeling like a princess in a fairytale, Batya leaves her old life behind as she is whisked away to a new world. But soon she discovers that she's entered a waking nightmare. Her new “husband” does indeed bring her to America: Buenos Aires, a vibrant, growing city in which prostitution is not only legal but deeply embedded in the culture. And now Batya is one of thousands of women tricked and sold into a brothel. As the years pass, Batya forms deep bonds with her “sisters” in the house as well as some men who are both kind and cruel. Through it all, she holds onto one dream: to bring her family to America, where they will be safe from the anti-Semitism that plagues Russia. Just as Batya is becoming a known tango dancer, she gets an unexpected but dangerous opportunity—to help bring down the criminal network that has enslaved so many young women and has been instrumental in developing Buenos Aires into a major metropolis. A powerful story of finding courage in the face of danger, and hope in the face of despair, *The Third Daughter* brings to life a dark period of Jewish history and gives a voice to victims whose truth deserves to finally be told.

How can I get my life off hold? When will my life really begin? We all ask ourselves the same questions when we are struggling to move forward. As a rabbi, Naomi Levy frequently offered spiritual guidance to people seeking the answers. But when a doctor told her that her young daughter, Noa, had a fatal degenerative disease, Rabbi Levy's own insights could not prevent her whole life from unraveling. In *Hope Will Find You*, Naomi Levy shares her journey and the wisdom she gained. She describes with humor and honesty how she came through a time of uncertainty and fear and learned how to stop waiting for life to begin. A natural and engaging storyteller, Levy has written a book filled with invaluable lessons for living in the present and for opening the door to an extraordinary future. *Hope Will Find You* is a book that will be passed to friends when life gets confusing, a book that will rest on our bedside tables when we are searching for hope and direction.

This book is a broad-brush approach describing the realities of life in the American rabbinate. Factual portrayals are supplemented by examples drawn from fiction--primarily novels and short stories. Chapters include: ?Rabbinic Training ?Congregational Rabbis and Their Communities ?Congregants' Views of Their Rabbis ?Women Rabbis [also including examples from TV and Cinema] ?Assimilation, Intermarriage, Patrilineality, and Human Sexuality ?God, Israel, and Tradition This book draws upon sociological data, including the recent Pew Research Center survey on Jewish life in America, and presents a contemporary view of rabbis and their communities. The realities of the American rabbinate are then compared/contrasted with the ways fiction writers present their understanding of rabbinic life. The book explores illustrations from two hundred novels, short stories, and TV/cinema; representing well over 135 authors. From the first real-life women rabbis in the early 1970s to today's statistics of close to 1,600 women rabbis worldwide, major changes have taken place. Women rabbis are transforming the face of Judaism. For example, this newly revised second edition of *American Rabbis: Facts and Fiction* reflects a fivefold increase in terms of examples of fictional women rabbis, from when the book was first published in 1998. There is new and expanded material on some of the challenges in the twenty-first century, women rabbis, human sexuality/LGBTQ matters, trans/post/non-

denominational seminaries, and community-based rabbis.

The Daughters of Ishtar, is devoted to reestablishing globally their long defunct matriarchal society. This ancient most advanced society, had a scripture that became the template for the Hebrew Bible. Several times in history the group attempted and failed to reestablish their society, the most significant of which happened almost two thousand years ago, which was led by the most maligned female biblical character of the Christian Bible. A criminology professor, Kirby Allen, and an undercover operative, Carolyn Thomas, probing the murder of a real estate mogul's daughter, discover the Daughterhood's current conspiracy to alter civilization for all time, which leads them to scientists of various disciplines and scholarly clerics, experts on the group's origin and activities. They gradually piece together the makeup of the Daughterhood and the details of their diabolical conspiracy, and devise a counter strategy to neutralize the group's plot.
