Before you put that FOR RENT sign in the yard, read this Hello there, future landlord. You've found what you're looking for—a complete package of information and resources to teach you what you need to know and make your life (and your tenants' lives) easier. With Property Management Kit For Dummies, you can learn how to manage single-family homes, large apartment buildings, treehouses, dollhouses... okay, there's not much info here on managing dollhouses, but everything else is definitely covered. Find good tenants, move them in, and keep them happy and paying rent on time. When it comes time for a change, learn how to move tenants out and turn over the property, easy as pie. This book makes it simple to understand tax and insurance requirements, building maintenance concerns, and financial record keeping. Plus, the updated edition reflects the current rental property boom, new technologies, changes to the law, and the inside scoop on the latest Fair Housing issues to keep you out of court. Emotional support animals? Rent control? Bed bugs? Eviction? It's all in here. Find out whether property management is right for you, learn what you need to get started, and be successful as your residential rental property portfolio grows Get your ducks in a row—develop solid marketing and advertising strategies and resources, build up-to-date rental contracts, figure out the legal side of things, and minimize your income and property tax bills Make sure you're renting to responsible people, and deal with the occasional problem tenant without major drama Maximize your cash flow by keeping your rents at market prices, efficiently handling maintenance, and ensuring your property has great curb appeal with the features and benefits sought by today's tenants Become a top-notch property manager with this one-and-done reference, plus online bonus materials.

Manage your independent reading program easily and instantly all year long! In this kit, you'll find ten reproducible activity packs filled with skill-building reading and writing activities that can be used with any book. Easy-to-follow directions allow students to work independently. Includes activity packs for fiction and nonfiction. Book jacket.

The seasoned programmer and novice alike find this reference the ideal resource for getting a project off to the right start. Friendly, practical advice is combined with the latest software in this ...For Dummies edition. Follow your expert guide through planning, development, testing, and implementation -- the first steps to your project's success. Then get your hands on scheduling, assigning resources and estimating costs, and best of all, making your software happen. The book's CD-ROM includes trial versions of Microsoft Project 2000, Soffrant TRACK, and Cost Xpert as well as templates and a wealth of other planning tools.

Disaster management is a vibrant and growing field, driven by government spending in the wake of terrorist attacks and environmental debacles, as well as private-sector hiring of risk managers and emergency planners. An ever-increasing number of practicing professionals needs a reference that can provide a solid foundation in ALL major phases of supervision – mitigation, preparedness, response, communications, and recovery. As climate change leads to further costly catastrophes and as countries around the world continue to struggle with terrorism, the demand for solutions will only grow. This revised edition of Coppola's revered resource meets said demand head-on with more focused, current, thoughtfully analyzed, and effective approaches to disaster relief. Expanded coverage of global approaches to disaster management with enhanced data and research on disasters around the world, including Cyclone Nargis, the H1N1 pandemic, and the tsunami in American Samoa More material on risk management, mitigation, myths that affect behavior during crises, and post-disaster evaluation of the response Up-to-date information on the role of aid organizations and international financial institutions like the World Bank in disaster response, as well as commentary on the latest research in disaster management and policy studies

If you're a small business owner, managing the financial affairs of your business can seem like a daunting task—and it's one that far too many people muddle through rather than seek help. Now, there's a tool-packed guide designed to help you manage your finances and run your business successfully! Small Business Financial Management Kit For Dummies explains step by step how to handle all your financial affairs, from preparing financial statements and managing cash flow to streamlining the accounting process, requesting bank loans, increasing profits, and much more. The bonus CD-ROM features handy reproducible forms, checklists, and templates—from a monthly expense summary to a cash flow statement—and provides how-to guidance that removes the guesswork in using each tool. You'll discover how to: Plan a budget and forecast Streamline the accounting process Improve your profit and cash flow Make better decisions with a profit model Raise capital and request loans Invest company money wisely Keep your business solvent Choose your legal entity for income tax Avoid common management pitfalls Put a market value on your business Complete with ten rules for small business survival and a financial glossary, Small Business Financial Management Kit For Dummies is the fun and easy way® to get your finances in order, perk up your profits, and thrive long term! Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

The book is expressly written for the young minds because they are our best hope for a safer tomorrow. The book is profusely illustrated, as it offers a joyride to the world of the whole range of hazards through simplified teaching-learning process, with less of teaching and more of learning. This is because most readers would love to learn without actually being taught. The book is designed to take advantage of distilled wisdom of centuries to inspire and enlighten the common man to turn them into prime movers of safer societies. Senior citizens, community leaders, self-trained disaster managers, social workers, media personnel, bureaucrats and those averse to the very thought of reading will also find the book useful as it is illustrative and inviting.
