twentieth century, American photographer Robert Mapplethorpe, the master of art photography, famed for his highly controversial and sexually explicit images, radically changed the preconceptions of medium and stretched its boundaries, both in themes and style. Mapplethorpe's diverse body of work, includes portraiture and still life photographs of flowers, but is widely recognized for his dark and decadent photographs of erotic imagery.

Photographs (1989) was an American photographer, best known for his black-and-white photographs. His work featured an array of subjects, including celebrity portraits, male and female nudes, self-portraits, and still-life images. His most controversial works documented and examined the homosexual male BDSM subculture of New York City in the late 1960s and early 1970s.
