But on Easter Sunday, the last day of their vacation, tragedy strikes: The fourteen-year-old daughter of an American vacationer goes missing, and her body is later found floating in the mangroves. When the shocked couples return home to the United Kingdom, they remain in contact, and over the course of three increasingly fraught dinner parties they come to know one another better. Inspector Nicola Tanner is drawn into this intimate circle to find the killer. Unfortunately, not a single one of them is willing to share. Now it's up to Tanner to delve into their pasts on her own. "A British police procedural as good as those produced by crime queens Elizabeth George and Ruth Rendell." —USA Today His first three victims ended up dead. His fourth was not so fortunate. . . . In leaving Alison Willetts alive, the police believe the killer made his first mistake. Then DI Tom Thorne discovers the horrifying truth; it isn't Alison who is the mistake, it's the three women already dead. The killer is getting his kicks out of toying with Thorne as much as he is pursuing his sick fantasy, and as the detective zeroes in on a suspect, he finds himself pushed to his personal and professional limits . . . This is the "exceptional" first novel in the long-running series by an international bestselling author (George Pelecanos). "The best thriller debut of the year." —Rocky Mountain News "A world-class crime writer." —Karin Slaughter

Two British police detectives take on a case close to home: "One of the most consistently entertaining, insightful crime writers working today" (Gillian Flynn). One of Entertainment Weekly's "10 Great Summer Thrillers" Tom Thorne is on holiday with his girlfriend, DS Helen Weeks, when two girls are abducted in Helen's hometown in Warwickshire. When a body is discovered and a man is arrested, Helen recognizes the suspect's wife as an old school friend, and reluctantly returns home for the first time in twenty-five years to lend her support. As his partner faces up to a past she has tried desperately to forget and a media storm engulfs the town, Thorne becomes convinced that, despite overwhelming evidence of his guilt, the police have got the wrong man. There is still an extremely clever killer on the loose—and a missing girl who Thorne believes might still be alive . . . "Some ingenious forensic footwork. What is most impressive about the novel, however, is the astute observation of the beleaguered Bates family, who turn in on themselves as the inhabitants of the town turn on them." —The Guardian

It is almost unthinkable that a single maniac would murder two women miles apart on the same day. Yet someone followed Carol Garner home from the train station and strangled her to death in front of her three-year-old son. And, afterwards, Ruth Murray died in a similar manner. The evidence is leading Detective Inspector Tom Thorne to a stunning conclusion: there isn't only one serial killer on the prowl, but a pair of them, working in tandem. And any corpse that turns up in the future just might be accompanied by a second. To stop them both, Thorne must catch a man whose need to manipulate is as great as his need to kill; a man who will threaten those closest to Thorne himself; a man who will show him that the ability to inspire terror is the deadliest weapon of all.
